Polovina-Mandic</u>, FENA – RS President Dragan Cavic on Thursday stated that this BiH Entity wishes to assure all representatives of the international community that it intends to fulfill all international commitments and remove the burden of anathema over non-cooperation with the Hague Tribunal. After the meeting of Cavic and the newly-appointed RS Minister of Interior Darko Matijasevic, with the High Representative, Paddy Ashdown, RS President told the press that he believes that Matijasevic would resolve the most difficult RS and BiH problem, which is the credibility related to the international commitments, particularly when it comes to the cooperation with the ICTY. Ashdown ascertained that the time was running out, and warned that Matijasevic now had a very difficult task of great importance for BiH. However, the success of Matijasevic's work will be measured not by words, but by concrete actions, said Ashdown, adding that the NATO ministerial meeting, at which BiH's admission into the Partnership for Peace might be re-considered, was only 12 weeks away. <i>"If this road is blocked, than the road to Europe is blocked as well"</i>, underlined the High Representative. He also expressed hope that the upcoming meeting between Cavic and Serbian President Boris Tadic next week in Belgrade would be an opportunity to stress clearly that borders do not represent safe areas for the indicted war crime suspects.</p>

not discuss
borders with
Serbian leader**

ONASA, FENA – Republika Srpska President **Dragan Cavic** said he was not going to Belgrade next week to devise with Serbian President Boris Tadic some new attempt to redraw borders in the region. *“Such a thing has never crossed my mind, nor has it occurred to Tadic. Our talks will be clear, addressing key issues that are in this moment equally hard for Serbia and Montenegro and the RS, and BiH,”* Cavic told reporters in Sarajevo on Thursday. Asked whether he would discuss with Tadic the recent statement by leader of the Serbian Radical Party **Tomislav Nikolic** who said that time had come for the Serbs in the RS to say whether they would like the RS to be annexed to Serbia, Cavic said that no such a statement had ever been made by Tadic, whom he was to meet with in Belgrade, nor by himself. *“It is clear that sovereignty, international integrity and constitution of BiH was set by the Dayton Peace Agreement. And anything which is out of framework of the Dayton Agreement would violate that international contract,”* said Cavic, after the meeting with High Representative **Paddy Ashdown**. The meeting was also attended by newly-appointed RS Interior Minister **Darko Matijasevic** and European Union Police Mission Commissioner **Kevin Carty**.

The amendments to the Law on the Court of BiH and the Law on the BiH Prosecutor's Office are in accordance with the Agreement reached between the High Representative and the State of BiH on establishing the Registry Office of Division I for War Crimes, Organized Crime, Economic Crime and Corruption to the Criminal Department and the Appellate Department of the Court of BiH and the Special Department of the BiH Prosecutor's Office. In the course of the session, the House of Representatives also adopted the Report of the joint commission, which comprises the representatives of both parliamentary Houses, on the harmonization of the text of the Law on Public Procurement in BiH.</p>

<p>OHR: BiH still not ready to try war crimes cases</p>	<p>Slobodna Dalmacija, pg 9 'BiH is not ready to take over ICTY's cases', by H, Glas Srpske pg 3 'Nothing before January?' – reports that the Senior Deputy High Representative, Bernard Fassier, sent the ICTY President, Theodor Meron, a letter in which he noted that BiH was still not ready to try war crimes cases according to international standards. The letter, which was quoted by an ICTY spokesperson at a weekly press briefing, reads that <i>"there is not a possibility to organize war crimes trials with full respect of international standards that the Tribunal requests before January 1, 2005"</i>. The letter also noted that <i>"every premature handing over of trials to BiH authorities before January could undermine the efforts made so far to enable the judiciary for it"</i>. SD notes that Meron had asked for the OHR's opinion on readiness of the BiH judiciary to try war crimes cases after the (ICTY) Prosecution recently proposed that the case against Zeljko Mejakic and other three suspects, charged with crimes committed in Omarska and Keraterm prison camps, be handed over to the BiH Court. On basis on reservations of the OHR, Meron ordered the ICTY Prosecution to additionally explain its proposal.</p>

<p>Serb member of BiH Presidency distances himself from chairman's UN address</p>	<p>Herceg Bosna Radio, RTRS, Dnevni Avaz pg 2 'State structure complex due to Washington Agreement', Nezavisne Novine pg 4 'Tihic presented his personal view' by SRNA, Glas Srpske pg 2 'Tihic beyond Presidency' by N. Zelenovic, Dnevni List, pg 5 'Disagreements in Presidency', <u>not signed</u>, SRNA – BiH's complex constitutional structure is not a consequence of the Dayton agreement as BiH Presidency Chairman Sulejman Tihic said in his address to the UN General Assembly but it is a consequence of the complex Washington agreement which had resulted in the creation of the Federation of BiH, says Serb member of the BiH Presidency Borislav Paravac. A statement by Paravac's office says that Tihic's attitude is not shared with the BiH Presidency and that Paravac would like to distance himself from this statement by Sulejman Tihic. Paravac says that the RS is an entity with a simple power structure and that the RS has fully implemented constitutional amendments, including those which relate to the equal status of the constituent peoples in BiH. <i>"The implementation of the constitutional amendments on the equal constituent status of the peoples has been slow in the Federation of BiH. The House of Peoples of the Federation has not been brought in line with the constitution even two years after the elections, but, despite this, decisions are being made and laws adopted, among them the law according to which 1,500 apartments owned by ex-Yugoslav army staff who are BiH citizens are to be confiscated without any legal backing,"</i> the statement says. <i>"The fact that there is no political will in the Federation to implement amendments on the constitutive nature of the peoples leads to a conclusion that this is a conscious and deliberate obstruction. However, nothing has been done yet to remedy this injustice although all governing structures in the joint and Federation government institutions are aware of this problem,"</i> Paravac says.</p>

<p>BiH Foreign Minister Ivanic also disagrees with parts of Tihic's UN speech</p>	<p>RTRS – Mladen Ivanic, BiH Minister of Foreign Affairs also disagrees with such statement. Ivanic said that such statement presented Tihic's personal opinion, and he said that the fact that Tihic's personal opinion was stated as opinion of BIH Presidency was unacceptable. <i>"This has opened a whole range of issues whether every member of BiH Presidency is going to state his own attitudes and opinions, or opinions are going to be coordinated.. This statement has not been agreed on, and when it comes to statement that BIH Constitution has to be changed, it also presents another Tihic's personal opinion."</i>, says Ivanic. He believes that change of Dayton Agreement would cause BiH's instability and adds that any changes of BIH Constitution will be discussed in negotiations with EU. He also feels that even then EU will not give up on Dayton principles mostly when it comes to existence of 2 entities.</p>
<p>EC's Priebe: BiH Constitutional structure is very complex</p>	<p>Dnevni Avaz pg 5 'BiH Constitutional structure is very complex' – Interview with Reinhard Priebe, EC Director for Western Balkans. Dj., EuroBlic, pg. RS5 'Esad Atic was removed' by Srna, FENA – Brcko Supervisor Susan R. Johnson on Thursday suspended Esad Atic pending an independent review of the circumstances surrounding the procurement and distribution of Primary School textbooks in Brcko. Atic is suspended from his position as head of the Education Department in the Interim Government of the Brcko District and Izet Banda has been appointed as Acting Head of the Department. The Brcko Supervisor took this decision following broad consultations, including political parties and the Mayor of Brcko, who had already taken the decision to suspend the Head of the Subdivision for Primary Education, says a statement issued by OHR. The investigation will assess Mr. Atic's level of responsibility for the distribution of textbooks for Primary Schools in Brcko District in languages other than those guaranteed under the law, a development that has undermined confidence in the District's truly multi-ethnic and non-discriminatory education system. Supervisor Johnson has asked the Brcko Mayor to establish an independent, impartial and professional Commission to investigate the facts, circumstances and political and professional responsibilities under which textbooks were procured and distributed, and to submit the Commission's report to the Supervisor and the Interim Assembly within 15 days.</p>

<p>Bosniak representatives veto RS Law on Local Self-government</p>	<p>RTRS, Oslobodjenje pg 5 'Protection of the vital national interest', FENA – The Bosniak Caucus in the RS Council of Peoples will launch the procedure of protection of vital national interest of Bosniak people against the adopted Law on Local Self-government and the Law on Privatization of Business Facilities and Garages in RS. President of the Bosniak Caucus in the RS Council of Peoples Ramiz Salkic told a press conference on Thursday that the Law on Privatization of Business Facilities and Garages in RS endangers the vital national interests of Bosniaks because the amendment submitted by the majority of Bosniak parties according to which the pre-war owners will have the right of primary purchase, instead of the current occupants, was not adopted. Regarding the Law on Local Self-Government, Salkic said that it leaves far too great competencies in selecting of associates. <i>"Having in view the current situation in the field, it can easily happen that Bosniaks and other peoples are left out of local power"</i>, said Salkic. The Bosniak Caucus has the same objection to the manner of electing the speakers and deputy speakers of the municipal assemblies and other officials, because it is not stated precisely whether or not they are appointed through public concourse. The mentioned laws were adopted at the latest session of the RS National Assembly.</p>

<p>Re-naming of RS cities with prefix "Serb"</p>	<p>Nezavisne Novine cover and pg 3 'Serb Sarajevo named Sarajevo – Istok' by <u>D. Risojevic</u> – NN source close to BiH Constitutional Court claims that the BiH Constitutional Court has decided to re-name Serb Sarajevo into Sarajevo-Istok, while the remaining municipalities and cities in RS with debatable prefix "Serb" would be re-named after the neighbouring settlements. NN source further claims that this is a temporary change, which will not be put into effect at all, unless RS NA failed to harmonise the names of cities. BiH Constitutional Court will announce this decision today. Remzija Kadric, Chairperson of the RS NA Council of Peoples, welcomed this decision of BiH CC.</p> <p>Drago Bundalo, Kostajnica Mayor, expressed dissatisfaction over this decision.</p> <p>NN further carries statements of Slaven Pekic and Miroslav Mikes as well (see below).</p> <p>According to GS, Dusan Stojicic, RS NA Speaker, says that RS NA has not breached deadline, noting it has decided to remove prefix "Serb" from the name of Serb Sarajevo and re-name it into Sarajevo of RS.</p> <p>EuroBlic cover and RSpG 1 'Authority of BiH Constitutional Court debated' by <u>Tijana Veselinovic</u> – Slaven Pekic, RS Minister of local self-governance denied BiH Constitutional Court's position that RS Parliament failed to accomplish its obligations within the given deadline when it comes to change of names of towns with prefix Srpski. He said that the last decision of BiH Constitutional Court was not submitted to RS Government and RS National Assembly, and he said that all obligations were accomplished within the given period of three months. He debates the wording of the decision, which marked RS Council of People and RS NA as legislators, noting that Council of Peoples has not been mentioned in initial decision at all.</p> <p>Minister Pekic noted that this decision of BiH Constitutional Court raises the issue of authority of the Court – namely, whether the Court is allowed to impose names of the cities and municipalities. He demanded an urgent meeting with the RS President and RS NA Speaker in order to discuss the latest developments on this matter.</p> <p>Furthermore, legal experts from RS assess that <i>"BiH CC has no authority to impose names, but instead only to review whether such names are in accordance with the BiH Constitution"</i>.</p> <p>Miroslav Mikes, RS Council of Peoples Co-Chair, says that BiH Constitutional Court has sent a clear message to RS authorities that all "debatable" names of cities should have pre-war names of the cities.</p> <p>According to EuroBlic, the temporary names of the cities are: Serb Sarajevo renamed into Sarajevo Istok, Serb Gorazde into Ustipraca, Serb Kljuc into Ribnik, Srbinje into Foca, Serb Kostajnica into Kostajnica and Serb Brod into Bosanski Brod.</p> <p>Dnevni Avaz pg 2 'BiH Constitutional Court to announce temporary names today' also covered the issue.</p>

<p>RS Helsinki Committee Chair meets with RS Chief Prosecutor</p>	<p>Nezavisne Novine cover and pg 4 'Government is obstructing judiciary' by P. Klincov –Branko Todorovic, President of RS Helsinki Human Rights Board yesterday gave a copy of special NN edition "Crna Bosna" (compiling all the biggest affairs in the past three years in RS and BiH) to Amor Bukic, RS Chief Prosecutor. Todorovic warned that organised crime would destroy society foundations. He said that they wanted to know the ways by which judiciary would more efficiently protect citizens and their property, and he also said that main RS prosecutor introduced him with judiciary reform and the fact that it still has not been accomplished. Bukic noted that RS Government was obliged to, within judiciary reform, ensure accommodation to all six prosecution offices. Bukic said that prosecution officers are working independently and under very difficult conditions. Todorovic noted that in regard to the above, it can be concluded that the authority is intentionally obstructing the work of prosecutor's officer, <i>"in order to ensure that criminals at the top of pyramid – RS Government, Ministries and at local level – evade justice."</i></p>
