Scheffer: It is unlikely BiH is to be invited to PfP in Istanbul summit; Terzic officials applies for PfP

RHB, FTV, Dnevni Avaz pg 3 'Chances for BiH admission at the Istanbul summit are unlike', Nezavisne Novine pg 2 'No new members of NATO at the NATO Summit' mentioned on cover 'BiH will not enter PfP at the NATO Summit', Glas Srpske pg 3 'The Hague is a ticket for Partnership', Dnevni List last pg 'Not a chance that BiH and SCiG enter Partnership for Peace' not signed, Vecernji List pg 2 'Not a chance that BiH enters PfP in Istanbul' by F, Slobodna Dalmacija last pg 'Scheffer: For the time being there is no chance to join PfP' by F,Blic pg 5 'Serbia and Montenegro remain outside of NATO' <u>not signed</u> – NATO Secretary-General Jaap de Hoop Scheffer told journalist on Monday in Brussels that according to the current situation it was unlikely for BiH and Serbia and Montenegro to be invited to join NATO's Partnership for Peace at the upcoming summit to be held in June in Istanbul. While Scheffer praised progress achieved in the field of defence reforms, he pointed to the lack of cooperation with ICTY, including primarily failure of BiH authorities to arrest Radovan Karadzic. Scheffer and ambassadors of permanent mission to NATO will visit Sarajevo on Friday. BHTV 1 - Scheffer met with the BiH Prime Minister Adnan Terzic who in Brussels officially submitted BiH application members to the to the Partnership for Peace. At the NATO summit in Istanbul it should be estimated whether BiH fulfilled all preconditions set earlier by NATO, including the full cooperation with ICTY. "Your prime minister was today at the meeting of the NATO Council and the representatives of the EU council. The discussion about the entrance to the PfP was based on the spectrum of elements you brought up. However, the most important is the cooperation with the ICTY. I have told to your prime minister that in Istanbul the progress of carrying out the reforms by your government, which literally opens the door of the Peace partnership, will be approved" said Scheffer.

DL Statement	Dnevni Avaz pg 3 'Failure to be admitted to PfP
of the Day —	would be a reward for war criminals', mentioned on
Adnan Terzic;	cover 'BiH submitted application for PfP' by <u>S.</u>
editorial	<u>Numanovic</u> – "If BiH receives negative respond to
	its ambition to be invited to join PfP at the end
	of June in Istanbul, that would be a bad political
	decision. It would show that war criminals still
	keep people of our country as hostages, that they
	control processes, that they have chance," is a
	message CoM Chair Adnan Terzic delivered to NATO
	and EU officials. He also stated that if BiH was
	given "green light" regarding the admission to PfP,
	it would be encouragement for further speeding up
	of reforms. Terzic says to DA journalist he
	outlined to officials details of the BiH's plan as
	to how it would fulfil membership requirements.
	Terzic insists that, despite different
	announcements, not everything is over as yet and
	that there are still, even small, chances to join
	PfP. He stresses that BiH has not capacities to
	deal with the issues such as arrest of the war
	criminals alike Radovan Karadzic and Ratko Mladic,
	noting that this would change once BiH has state
	Intelligence Service, and fully operational SIPA.
	BiH Prime Minister also said that he stressed in
	Brussels that HR Paddy Ashdown plays key role in
	supporting those who implement reforms in BiH.

	editorial <u>by J. Petrovic</u> — The author comments on
	the statement given by BiH CoM Chair Adnan Terzic,
	who stated that it will not be the end of the world
	if BiH does not join PfP and that the RS will be
	responsible for it since the RS failed to arrest
	Radovan Karadzic and Ratko Mladic. The author says
	that Terzic forgot the fact that he is the Chairman
	of the BiH CoM which is made of Ministers from both
	entities and this makes him automatically if not
	more than equally responsible.

	<u>Prlenda</u> – Deputy BiH Defence Minister Enes
	Becirbasic confirms for daily that in the past few
	days Ministry receives unofficial announcements
	from foreign diplomats that BiH will not be invited
	to join PfP in June, stressing that the main reason
	for this is failure to cooperate with ICTY and
	arrest Radovan Karadzic. Becirbasic, however, says
	he believes this is just a matter of current
	atmosphere, and stresses that the situation could
	change by NATO summit.

FBiH MoD	Nezavisne Novine pg 7 'What is NATO for us'
Nikolic	editorial by <u>Almedin Sisic</u> – The author wonders as
announces	to whether BiH would be invited to join PfP at the
dismissals of	NATO June Summit in Istanbul, and claims that the
surplus VF	PfP admission and the (non)cooperation with the
troops	Hague Tribunal are two inter-locking political
	issues. The author further says that everybody in
	the state of BiH is now dealing with this issue and
	wondering whether BiH would be admitted or not. He
	claims BiH would be admitted into PfP once —
	meaning if it were not admitted in June, it may be
	admitted at the end of this year or the beginning
	of next year, together with Serbia and Montenegro
	that are two only Balkans state who have not been
	members of PfP. Regarding the recent statement by
	Dragan Cavic regarding cooperation with the ICTY,
	the author says that RS President is aware of the
	fact that international community officials would
	target some persons from the RS if BiH were not
	admitted into PfP at the June Summit in Istanbul.
	Cavic is also aware, according to the author, that
	if this failure took place, it would be a justified
	signal to international community to launch a
	campaign for abolishment of RS as an entity "which
	does not respect basic rules of international
	community based on Dayton Peace Agreement."

Ministry states the risk for security situation has been very high in RS, while in FBiH it has also been on increase. Austrian citizens have also been advised to check media reports and coverage on presence of extremists groups in BiH before they travel to Bosnia.
RS Vice President	<pre>Slobodna Dalmacija pg 16 'Islamic extremists have shelter in BiH' mentioned on cover, by B. Kristo, Glas Srpske cover page report 'Hide-out to Islamists!?'; Nezavisne Novine pg 2 'BiH as a possible hide-out for Islamic terrorists' - Commander of the German-Italian contingent of the SFOR's forces in BiH Stefan Tomas stated to Austrian News Agency APA that Islamic extremists are using BiH as a transit country and possible shelter. Tomas also stated that during the last 6 month, SFOR did not find evidence that training camps exist in their area of responsibility, however, in his opinion, this does not exclude possibility that Islamic extremists find in BiH a safe shelter from which they can move to other countries.</pre>

DL on	Dnevni List pg 5 'Will EUFOR have response to
capabilities	possible terrorist groups' <u>by Z. Jukic</u> says that
of EUFOR	high-ranked domestic and international officials
forces	announce that EUFOR should replace SFOR forces in
	BiH. According to the author, this should be the
	first serious action of the EU forces and for this
	reason many people are sceptical when operative
	capabilities of these forces in prevention of
	coming of terrorist groups to BiH and their acting
	in BiH are in question. The author goes on to say
	that due to the fact that there are evidence about
	connection between terrorist groups and some people
	in BiH and because of complexity of the issue of
	terrorism itself many people believe that EUFOR
	will not be up to set tasks and that after SFOR's
	departure many members of terrorist organizations
	will use BiH as a bridge for transfer to other
	countries.

Vlaho, Vecernji List pg 3 ' Acquittal for Ivica Karlovic', mentioned on cover, 'Karlovic acquitted for Monitor M', by R. Soldo – Before the Cantonal Court in Mostar on Monday, former Head of Hercegovacka Banka Ivica Karlovic was acquitted of charges that he abused his position and authorities at the time when he was the Head of the aforementioned Bank. Indictment charged Karlovic with having illegally granted a credit to the "Gratex" company from Tomislavgrad. Namely the amount of credit exceeded 5% of the total capital of the bank. The credit amounted to 1.1 million KM while the original capital of the bank was about 16.4 million KM. The bank failed to insure the repayment of the credit by a mortgage. The damage to the bank occurred by non-repayment of the credit on schedule. Orao trial continues: former RS MoD claims Orao did not break embargo

BHTV 1, RTRS, FTV, Oslobodjenje pg 4 'Commission did[not] completed report' by V. Du., Dnevni Avaz pg 8 'RS was warned on breaking of UN embargo' by E.M., Blic pg 12 'Bilic: they informed us of breaching of embargo' not signed - "Orao" affair trial of 17 directors and employees of the company resumed on Monday before the Bijeljina Basic Court. Charges refer to the illegal export of arms and military equipment to Iraq. RS Minister of Defense at the time, Slobodan Bilic, said that he would have not known if "Orao" had breached UN embargo on exporting weaponry to Irag. "The first information on that I've got from a foreign representative", Bilic stated. In his capacity as a defence witness at the trial in the case of aviation institute Orao, Bilic said that he was told about the violation of the UN resolution on export of arms to Irag by an unknown representative of a big foreign country. After that, according to Bilic, a commission had been established with a task to investigate allegations. Saying that the preliminary report did not either confirm or deny suspicions, he informed that Commission has never completed the work due to obstractions. Bilic said that he never received any information from any report that Orao had dealings with Iraq, but only with Jugoimport from Yugoslavia. Bilic however repeated said that he had visited Orao twice and that to this day he does not know what was so controversial about the institute's dealings. Nezavisne Novine pg 3 'I do not know even now whether "Orao" was violating UN embargo' - Bilic said that he had never had reliable information proving that Orao was doing business with Iraq. He also said that the firm, which intended to sign any contract regarding the sale of military equipment, should have asked for permission from the-then RS Directorate for trade in military equipment and armament, which was not the case

with "Orao".

FBiH Govt delegation visits Vares municipality

Subotic</u>, Dnevni List pg 4 'Assistance to businismen was agreed in principle' by Zeda and Slobodna Dalmacija last pg 'Hadzipasic promised reconstruction of roads' by G. Spreckovic -Delegation of the FBiH Government, lead by FBiH Prime Minister Ahmet Hadzipasic and including Ministers Edin Music, Nedzad Brankovic and Marinko Bozic, visited Vares municipality on Monday. Officials met with leaders of political and religious life in the city, and visited production facilities. Hadzipasic also met with Vares Municipal Official Hamdo Fatic, who underlined three major problems: reconstruction of regional route Breza-Vares-Podkamensko, recovery of municipal budget and recovery of "Kfacility", which should be completed for the purpose of insuring the conditions for return to the urban part of Vares. "Often state slows down reconstruction of the municipalities by not doing its job. This is the case here. We will try to change legal distribution of income between municipalities and cantons," said Hadzipasic.

RHB – "The FBiH Government in this year intends to launch construction of road from Vares to Banovici, which will open chances for economic development in Vares", said FBiH Minister of Traffic and Communications Nedzad Brankovic. "What is important to say is that people who want to return to this municipality, besides places to live in, they also need jobs, because citizens of Vares work in Bosansko Grahovo and Drvar and they are paying rents there for houses, and by ensuring them jobs great number of them would return to Vares," stressed Hadzipasic.

RS reactions to Cavic statement on Srebrenica

Nezavisne Novine pg 4 'SDS keeps quiet, PDP is sceptical' - NN caries some reactions to the statement by Dragan Cavic, RS President, who said that RS must start to seriously cooperate with the ICTY and that he was shocked with the new information disclosed by the Srebrenica Commission on crimes committed in this city in 1995. Not a single SDS official NN approached to wanted to give any comment on this statement. Sinisa Djordjevic, Head of PDP's President Cabinet, said that the announced strengthening of cooperation with the ICTY will remain at the level of "empty talks", until a full cooperation amongst all security bodies in BiH is established (including SFOR, entities' police forces and SIPA). Tarik Sadovic, Head of SDA Caucus at RS NA, said that Cavic is aware that RS might be brought in guestion, unless it improved its cooperation with the Hague Tribunal. He is also encouraged over the Cavic's statement on Srebrenica Commission. Dimitrije Ivanic, member of SNSD Chair Board, is of the view that the political parties on reign have manipulated with the war crimes suspects. He explained: "While they were giving promises to the Tribunal that they would arrest war crime suspects, they were telling war crimes suspect nothing would happen to them. Now the time has come to stop manipulating both, the Hague and those charged by the Hague." Marko Pavic, DNS President, is of the view that Cavic must call Dragan Mikerevic, RS Prime Minister, and explain him that the duties undertaken through Dayton must be carried out. RTRS – Members of Srebrenica Commission also refused to comment Cavic's statement.

It is not a problem we have a talk about everything, but it is a responsibility of the RS MOI to identify those supporting persons indicted of war crimes." Results of EU-ordered opinion poll on attitude of BiH citizens towards EU

Dnevni List, pg 9, mentioned on cover 'Citizens have positive opinion on European Union', by <u>Renata Radic</u>, carries that the results of the opinion poll, ordered by the EC Delegation and conducted by Prism Research on the sample of 1500 BiH citizens, indicate that citizens need more information on the integration process and that many citizens believe the integration process is not fast enough. Compared to other countries that are EU members-to-be, it is clear that there is a bigger desire in BiH for the integration in the EU, for better education and understanding of the EU. Interviewed BiH citizens are of the view that crime, corruption, economic situation, as well as lack of punishment of war crimes suspects are the biggest obstacles for BiH on its path to joining the EU. Also, 81.6% of citizens are certain that BiH's cooperation with the EU is more important than its cooperation with the USA.

Report on human rights in 16 BiH municipalities

Oslobodjenje pg 9 'Cooperation between local and state authorities necessary' by <u>S. Rozajac</u>, Dnevni Avaz pg 11 'Report on

human rights situation in 16 municipalities presented', Nezavisne Novine pg 9 'Citizens are not aware of their rights', Dnevni List, pg 3, 'Current system offers citizens bad services', by <u>Danka Polovina-Mandic</u>, and Vecernji List, pg 3, 'Discrimination of minorities', by

<u>eme</u> – The limited participation of

citizens in authority, inefficient administration, absence of mid-term plans and transparency in decision-making and poverty are the main problems with which the local authorities in 16 municipalities of BiH are faced. This is the conclusion of the Assessment Project on human rights and municipal planning, which covered 25 municipalities in the BiH. This report was presented on Monday by the officials of BiH Ministry of Human Rights and Refugees, UNDP, UNOHCHR and OHR. Donald Hays, Principle Deputy High Representative, stated: "The citizens I visited over the past three years say that the system of local authority performs its work badly in regard to its availability to the citizens. It is impossible to fix all the problems."

Ombudspersons	harmonize provisions', Dnevni List, pg 5,
on Law on	'BiH Ombudspersons on Law on National
National	Minorities', <u>not signed</u> , carries that BiH
Minorities	Ombudspersons, Mariofil Ljubic, Safet
	Pasic and Vitomir Popovic, sent a letter
	to the BiH and FBiH Parliaments, to the RS
	National Assembly as well as to the
	Presidents of entity Governments, in which
	they remind them of their obligations
	deriving from the Law on National
	Minorities which came into force on 14 May
	2003. The Law, namely, stipulates that the
	entity Parliaments establish National
	Minority Councils as separate advisory
	bodies. The entities were also to
	harmonise their provisions on national
	minorities' rights with the Law within six
	months from its coming into force. "Such a
	passive attitude of the mentioned
	institutions could seriously endanger
	basic national minorities' rights", the
	Ombudspersons warn.
