Strong pressures of setting conditions and accusations that the one who does not agree with such results and concepts obstructs the negotiations and that the US will not be satisfied made me to decide to abandon the negotiations.'</i></p>

SDA. /E. Jahic,
P. Krnjic on
Tihic's demand to
BiH Const. Court
to judge
constitutionality
of RS name

FTV – As stated in a press release, SDA gives full support to the BiH Presidency member **Sulejman Tihic** and his attempts for BiH to become a functional state through constitutional changes. The press release refers to Tihic's request for evaluation of legality of the RS name by the BiH Constitutional Court . According to SDA, naming the entity after only one people allows positive discrimination of Serbs over Bosniaks, Croats and other BiH citizens.

Dnevni Avaz pg 5 'Politicisation of Tihic's demand is unnecessary' by E.H., **Oslobodjenje** pg 2, mentioned on cover 'Cavic is frustrated since RS name cannot remain' by Az.K. carries SDA official **Elmir Jahic** as saying: *'Bosniaks and Croats from the RS know the best a value of this initiative.'* He added that the latest attacks of **Dragan Cavic** on Tihic are reflections of frustration because discriminating provisions of the BiH Constitution and name of the RS cannot survive. Deputy Chairman of the RS Council of Peoples **Pero Krnjic** claims that the Tihic's initiative reflects interests of Croats in the RS since the RS name became disputable when all 3 peoples became constituent on the whole BiH territory.

Reactions on
Tihic's
initiative to
BiH Const. Court
to judge
constitutionality
of RS name

NTV Hayat – Commenting on SDA President **Sulejman Tihic's** initiative concerning the name of the RS, the editor comments that instead of judicial, administrative and formal abolishment of entities, the state could unite through economical issues, by claiming and getting its property, what would make entities become regions. The report features statements from leading BiH politicians. RS President **Dragan Cavic**: *"In political sense it is a continuity of what Mr Tihic repeatedly comes up with on the political scene, even more extreme, this is not good. The Constitutional Court cannot change the BiH Constitution. That is a judicial nonsense which stands no chance to succeed."* PDP's **Dragan Mikerevic**: *"Everyone has the right on his own opinion. The RS has not been established out of nothing but at the basis of Dayton Peace Agreement."* HDZ's **Velimir Jukic**: *"I approve all legal means everything in accordance with the Constitution and BiH laws."* PDP leader **Mladen Ivanic**: *"It is all the result of his [Tihic's] personal frustration and wish to abolish the RS."*

<p>BiH politicians destroying BiH oil market</p>	<p>NTV Hayat – <u>Senka Hadzovic & Nevzeta Skrijelj</u> – Editor comments that BiH politicians have missed a great opportunity of uniting the state economic market by unifying the oil market. Director of BH Gas Huso Hadzidedic says that there are lots of problems in claiming the BiH property from other states in the region. BiH has a one third of property over oil pipeline worth \$ 134 million, says oil expert Aziz Tukulj. This pipeline has been connecting Croatia and SCG via BiH. The reporter comments that both entity governments do everything within their power to lose this pipeline – the FBiH Government still does not want to withdraw its decision to sell Energopetrol, adding that the RS would also suffer from this decision, since it will lose its main market, which makes the valuable pre-war investments useless. Bosanski Brod Oil Refinery Savo Danilovic says: <i>“One oil firm should be established at the state level. Establishers should be all oil refiners, distributors and all the ones involved in oil business. That is the way for all of us to achieve better effects.”</i> Tukulj claims that BiH could supply enough oil for its own needs, but in order to do so, BiH should take Croatia as a model instead of selling its companies to Croatia. Hadzidedic is of opinion that RS authorities should take much more care of ongoing issues and put some more initiatives instead of the FBiH, while the RS has all the oil production. In her comment, reporter reminds how RS Prime Minister Pero Bukejlovic have sent a word to Chairman of BiH Council of Ministers, Adnan Terzic after Terzic’s recent visited to Brod Refinery to stay away from it since the refinery is Serb property.</p>

<p>Public tender for partnership in Bosanski Brod refinery extended</p>	<p>RTRS – A public tender for partnership in Bosanski Brod refinery has been extended until 8th December. The strategic partner will have to provide 156 million KM necessary for revitalisation of the refinery. Savo Danilovic Director of Bosanski Brod refinery stated that if this tender fails then the refinery should be directly privatised. Employees of the refinery are pleased at the moment since their salaries are provided for. They feel that the production in the refinery could be beneficial for entire BiH. The reporter comments that considering previous experiences with the refinery caution is advised. He adds that “a golden hen” of the RS and BiH economy has 170 million KM debt and is currently working with 10% capacity.</p>
<p>NTV Hayat commentary on BiH state property</p>	<p>NTV Hayat <u>Reporter not stated</u> – The reporter comments that there is no such thing as the official evidence of the BiH state property. The Peace Implementation Council has requested the BiH Council of Ministers to form a Commission for State Property in September 2004. This Commission was to deal with issues regarding the state property. The BiH CoM has named all the Commission members only a half month ago. The reporter comments that the problem is that entity authorities have usurped most of this property and no one seems even trying to start solving this issue and there is around a half year for this problem to be solved between the former Yugoslav republics.</p>
