Political Developments/Reforms

<p>SDS Main Board adopts principles of defense reform, principles of police reform are still being discussed</p>	<p>BHT Boris Grubestic – At Friday’s session, SDS’s Main Board (MB) stated that SDS will give its support to abolishment of Entities’ Ministries of Defence (MoD) and transfer of authorities to the State level as suggested by Defence Reform Commission (DRC). SDS requested the national balance before the transfer of authorities to state level and placing the training and logistic HQs in RS. Leader of SDS and RS President Dragan Cavic said that by accepting the defence reform model all conditions for NATO membership will be fulfilled. <i>“SDS will support transfer of authorities for defence affairs from the Entity to the BiH, with clear role of the Presidency in commanding and usage of Armed Forces, exclusively by consensus”- said Cavic.</i> After the session, RS PM Pero Bukejlovic has met with Chair of Defense Reform Commission Raffi Gregorian to inform him that SDS adopted the principles pertaining defense reform. Regarding the police reform, reporter noted that there are speculations that part of the SDS Main Board doesn’t agree with Cavic’s assertions to accept the reform of police forces in BIH and in return they will abandon the reforms of police regions. Cavic confirmed that there are differences in stand on this issue between him and RS PM Bukejlovic. PDP Leader Mladen Ivanic stated that PDP will only asses the police reform principles when they are changed since they had rejected these ones. <i>“It is obvious that International Community counts on SDS plus SNSD”</i> added Ivanic. According to the Chairman of RS Council of Peoples (CoP) Remzija Kadric, the RS representatives manipulate with the conclusions of RS NA although these conclusions are invalid since opposed by the RS CoP. RSNA will determine its stands on defence reform on Tuesday, while day before that the matter will be discussed by the RS Government. The discussion on principles of police reform was ongoing at the time of the news broadcast.</p> <p>FTV, Dnevn Avaz pg 2 ‘SDS accepted defence reform’, Nezavisne Novine pg 2, Glas Srpske pg 2 also covered the issue.</p> <p>RTRS Biljana Knezevic– SDS will give its support to abolishment of Entities’ Ministries of Defence (MoD) and transfer of authorities to the State level. This was stated after six hours long; session of SDS’s Main Board (MB) and President of SDS and of RS Dragan Cavic stated that on a special session of RSNA, 26 of SDS Representatives will support the proposal for defence reform on the suggestion of Defence Reform Commission (DRC). During this marathon session, three members of the MB have voted against and eight was sustained, but as Cavic claims majority of the MB has voted for this proposal, by which all conditions for NATO membership will be fulfilled. <i>“SDS will support transfer of authorities for defence affairs from the Entity to the BiH, with clear role of the Presidency in commanding and usage of Armed Forces, exclusively by consensus”- said Cavic.</i> According to the Reporter, Cavic hasn’t explained this sudden change in attitude, being that everything that was accepted on this session was totally unacceptable few months ago. <i>“I personally think that there is no need for extinguishing of Entities’ MoDs, and personally I think that there is no possibility for creating of new JNA”- stated RS Minister of Defence Milovan Stankovic.</i> Reporter reminded to Cavic’s statement from December 17th 2004, when he stated that defence reform conditions are totally unacceptable, stressing that this change means that it is time to finish reform process, and even though this means changing of the Constitution, Reporter stressed that Cavic is not concerned by the following session of RSNA.</p>

Spiric ironically says that BiH Presidency can only agree on division of the country while BiH CoM's moves destabilize BiH. He, however, concludes that there will be no any new parliamentary majority at the state level since the opposition political parties are certainly not interested in any deals with ruling parties one year before the next general elections.

<p>FTV claims that OHR legal department preparing proposal to HR to suspend Entity Law on Pardoning</p>	<p>FTV – FTV commented the correspondence between The High Representative, Paddy Ashdown, and the FBiH President, Niko Lozancic, regarding the Presidential Pardon granted to Miroslav Prce, who was sentenced to five years imprisonment in 2004 for misuse of public funds. Reporter mentioned the case of Munib Jusufovic when High representative suspended the State Presidential Pardon Law. FTV claims that OHR legal department has been preparing the proposal to High Representative to issue an order on suspense of Entity Presidential Pardon law.</p> <p>Deputy BIH Minister of Justice Momo Zubac stated that Lozancic's decision is according to the law since he applied automatism which means that in the absence of the state law the entity law is automatically applied. However, according to the Deputy Minister of Justice (not stated which level of the Ministry) Jusuf Halilagic, Lozancic's decision was illegal since the verdict was reached before the BIH Court according the state law, so only the BIH Presidency had the right to grant the pardon.</p> <p>FTV found out from the OHR legal department that the Prce's defence excluded any form of pardon since by the settlement the punishment was minimal. Nobody from OHR wanted to say before cameras the reasons why High Representative several times asked Lozancic to explain his decision in written although Lozancic was protected by the discretion law and was not obliged to do it. Reporter stated that obviously OHR is buying time because it doesn't want to admit the mistake of not suspending the entity law at the same time with the state one adding that OHR must have thought that nobody will think of applying automatism. Reporter concluded that nothing is concluded until OHR issues the legal exposition.</p>

RS CoP officials say CC's decision on constitutionality of peoples not properly implemented in RS

Pink, BHT, Hayat, FTV, RTRS, Oslobođenje pg 6 'Authorities in RS ignoring work of Council of Peoples', **Dnevni Avaz** pg 8, **Vecernji List** pg 5, **Nezavisne Novine** pg 4, **Glas Srpske** pg 2- The RS Council of Peoples (CoP) representatives state that the decision of Constitutional Court (CC) on constitutionality of peoples is hardly being implemented in the RS. They take Law on local self-governance as an example. According to this law, local communities and municipalities are obligated to carry out self-employment of constitutive peoples in line with census from 1991. The Chair of the RS CoP **Remzija Kadric** says that Law on self-governance is not being implemented in any municipality. Another law, which also has not been coordinated, is the law on amendments to law on RS territorial organization, which has been denied by the CoP, being the vital national interest issue, along with the request of having the pre-war names brought back, said the reporter. Kadric stresses that there is no support to sustainable return, while different kind of discriminations are regular occurrence in RS. Due to all of this, the Council announces that it is going to fight such decisions legally in the future. Kadric explained that he and CoP Co-chair **Pero Krniic** held a press-conference in Sarajevo and not in Banja Luka, because every press conference they had held so far was unfairly presented in RS media.
