Stojicic:	RHB – The RSNA Speaker, Dusan Stojicic ,
Police talks	stated last night that the police reform
more	is politically much more sensitive than
sensitive	the defence reform suggesting that the IC
than defence	should be aware of it. Stojicic was
reform	speaking at a show called 'Aktualni
	razgovori', which was broadcast by 'K3
	TV', and he noted that the police reform
	is of crucial importance for the RS.
	Stojicic believes that a solution, which
	would satisfy all three sides in BiH,
	could be reached. He also believes that
	some police jurisdictions could be
	transferred onto the joint, BiH state
	level, however Stojicic believes one
	cannot abolish the RS MoI.

Professor	RHB featured an interview with professor
Vukadinovic	Radovan Vukadinovic, the head of
on Euro-	international studies at the Zagreb
Atlantic	Political Studies Faculty. Presenting his
aspirations	view about the future of the countries in
of countries	the region in relation towards Euro-
in the region	Atlantic integration, Vukadinovic believes
	BiH will be sharing, to a large extent,
	the same destiny with Serbia and
	Montenegro when it comes to their status
	in NATO, since the two countries are not
	yet members of the Partnership for Peace.
	In that context, he reckons that Croatia
	and Macedonia are one step ahead of BiH
	and SCG. Regarding some reports that link
	the future of Kosovo with RS (Serbia loses
	Kosovo and gets compensated by getting the
	RS), professor Vukadinovic does not
	believe that Bush's administration would
	go into something like it since the US has
	bigger issues to deal with at the moment.

Political Developments/Reforms

New round of talks on police reform: No essential progress was made

Oslobodjenje pg 7, mentioned on cover 'Compromise to difficult for Bukejlovic', Dnevni Avaz pg 2 'Maps of regions will be made by March 31', mentioned on cover 'Three principles sufficient for Europe' - A new round of talks on the police reform in BiH at the level of governments' representatives was held on the mountain of Bjelasnica near Sarajevo on Thursday. Participants at this meeting have agreed to establish the State Forensics Institute, and the state Agency for Certification and the Coordination of Entity Training Centres. Most of the time participants discussed three basic principles of the European Union (financing and legislation at the state level, police forces free of any kind of political influence, and the establishment of functional police regions), which they have to respect while carrying out/accepting the police reform. There were two solutions/framework agreements proposed: RS negotiating team made the first proposal (in line with the RSNA conclusions), but it was immediately rejected because, as BiH Council of Ministers (CoM) Chairman Adnan Terzic stated, it envisages the status-quo. RS prime Minister Pero Bukejlovic said to journalists that this was the first time that RS representative proposed general law on police at the State level, which regulates the issues that weren't regulated until now. He believes that significant opportunity for BiH was missed this way. The second proposal was made by Terzic, State Information and Protection Agency Director Sredoje Novic, and BiH Minister of Security Barisa Colak. They proposed the establishment of the Agency which should create the maps of police regions until March 31, 2006. Those police regions, according to this proposal, should be in keeping with EU principles, which means that their borders would cross the inter-entity line. The negotiators from the RS rejected this proposal (because the similar one had already been rejected by RSNA). Chairman of CoM Adnan Terzic stated that European principles are indisputable and that professional Police can't be limited by Entities' lines. "We haven't planned to sign that agreement today. Look, contest of the agreement is something that, in the principle, is already seen- that is the report of Marten's Commission, those are postulates agreed on Vlasic- the agreement is now being discussed and it is about searching of the compromise regarding the contest"stated Terzic. According to media reports, the next meeting on the police reform has been scheduled for next week in Sarajevo. RHB, Pink, BHT, Hayat, FTV, RTRS, Dnevni List pg 3, mentioned on cover 'Agreement on unified police at sight' by N. DL op-ed: Agreement on police reform at sight	Dnevni List pg 2 'Agreement at sight' by N. Bise – Commenting on the police reform talks, the author says that the fact that the parties involved in these talks are willing to reach an agreement on this issue through a compromise and some concessions gives a hope that the solution for the police reform might be found. He added that it is also encouraging that the International Community representatives finally let domestic authority representatives to reach an agreement by themselves and the author believes that they are much more successful in negotiations when the High Representative is not involved in them.
Tuzla Municipal Council rejects any possibility of seeing future police centre be transferred from Tuzla	Nezavisne Novine pg 3 'They demanded centre in Tuzla' by J.S. – At Thursday's session (summouned upon request of 11 councilors from 4 opposition parties), the Municial Council of Tuzla has adopted Resolution, which rejects all proposals coming up during police reform talks in regard to transfer of police centre from Tuzla.The Council demands from all domestic and international institutions in charge to respect this resolute stance of the Council. But it has to be done in the right time, and in the right way", concluded Matthew Rycroft.</pre>

The credit will amount to 16 million KM, while BiH will allocate another 8 million KM for the project. Presidency also adopted a business report of the BiH Central Bank for the first six months of 2005, featuring positive financial results. BiH Presidency member Tihic: Cavic is obstructing the appointment of Ambassador to Croatia	Oslobodjenje pg 5 'Cavic is obstructing the appointment of Ambassador to Croatia' by V. Z. – SDA President and member of BiH Presidency Sulejman Tihic claims SDS leader Dragan Cavic was obstructing the appointment of BiH Ambassador to Croatia, as well as blocking the signing of an agreement on dual citizenship between BiH and Croatia only because Branko Kesic was not appointed BiH Ambassador to Croatia. Asked why he was blaming Cavic since Serb member of BiH Presidency Borislav Paravac is formally nominating candidates for ambassadors' positions, Tihic said it is clear who is deciding on moves in that part of BiH. 'Paravac had not accused SDA, Cavic had. He is suffering of a phobia from SDA and he is blaming SDA whenever he cannot resolve something', Tihic said. He added Cavic was constantly shedding a bad light onto BiH by inventing stories about terrorism.
BiH Presidency member Paravac on appointment of BiH ambassadors	Dnevni Avaz, pg 'Borislav Paravac expects attacks on new candidates too', by <u>Fena</u> – The cabinet of the BiH Presidency member, Borislav Paravac, issued a statement which says that the appointment of the BiH ambassador to Croatia is still burdened by certain problems, which are a direct or indirect consequence of rejection to accept the nomination of Branko Kesic for the said post. The statement also says that it is expected that new candidates will be exposed to attacks, the aim of which is to have servile-like diplomats.

Jukic – In an interview to DL, NHI President Kresimir Zubak confirmed that NHI started serious talks with HSP Djapic-Jurisic about possible ways of cooperation of the parties with a Croat prefix and the position of the Croat people in BiH. Zubak added that their stands with regard to these issues and constitutional changes in BiH are identical. Also, Zubak denied that this cooperation would endanger NHIs' agreements signed earlier with SDP and SNSD. Zubak explained that HSP Djapic-Jurisic still has mortgage of ultra-right party, however this would change due to the current stands and the political programme that HSP Djapic-Jurisic advocates.
President of HSP Djapic-Jurisic on possible coalition partners to this party	Slobodna Dalmacija pg 18, mentioned on cover 'We shall rather make coalition with SDP than with SDA!' by Z. PDHR Butler	BHT — Principal Deputy of the High
on Prce	Representative Lawrence Butler stated for
pardon	BHT that FBiH President Niko Lozancic has
	abused Law on Pardon, by awarding pardon
	to Miroslav Prce. PDHR Butler claim that
	Lozancic has submitted inadequate
	documents and that he granted the pardon
	on secret. PDHR also remained that Judge
	and Minister of Justice were against this
	pardon.
	BHT broadcasted interview with PDHR Butler
	in its late news in which he spoke about
	Prce's pardon and said that measures on
	this issue will be taken on this Autumn
	and that Parliament's procedure should be
	finished by October or November, with main
	goal to increase transparency and
	liability. PDHR stated that new Law on
	Pardon will increase transparency, meaning
	that everything will have to be done
	publicly and it will also increase
	standards of documenting, which will
	define documents that person has to submit
	for pardon.

DL: OHR to	Dnevni List , pg 2 'Did Niko Lozancic

Lozancic?	 Features an article about the Prce
	pardon case in which author writes that
	sources in the OHR say that a part of OHR
	officials are advocating a more radical
	action against the FBIH President, Niko
	Lozancic , in other words a removal from
	the office the way it was done in the
	Dragan Covic case. DL also learns from an
	independent MP in the BiH House of
	Representatives, Ivo Lozancic , that he
	recently asked that the relevant state
	bodies submit him all the documents on
	pardons granted by the FBiH President
	(Lozancic). Ivo Lozancic notes that his
	motive for the request is the latest
	decision on pardoning Prce and information
	that says that majority of people that
	have been pardoned had medical
	documentation, which have been signed by
	the same medical doctor from the Zenica
	area. Ivo Lozancic also explains that he
	asked that the BiH Election Commission
	submit him a report on Niko Lozancic's
	property because of recent unconfirmed
	allegations according to which the FBiH
	President has recently amassed big wealth
	in real estate, including an apartment at
	Orebic and expensive cars, which he could
	not afford on the FBiH President's salary.
