**Face To Face-
Moranjkc vs.
Blagojevic on
Resolution on
Srebrenica**

Hayat – by S. Hadzifejzovic– BOSS representative in the BiH Parliament, **Muhamed Moranjkc** submitted the Resolution which condemns genocide in Srebrenica and which was identical to the Resolution passed by the US Senate and which was rejected by Serb representatives. The reporter invited Moranjkc and **Mirko Blagojevic**– Representative of (SRS) Serb Radical Party- Vojislav Seselj to explain their reasons.

Moranjkc explained that his Resolution was identical to the Senate's one, because they wanted to prevent appearing of dilemmas and manipulations from the people who would like to obstruct the passing of this Resolution. Moranjkc said that his party wanted this Resolution to be submitted by the BiH Presidency, but they haven't done anything, which his party saw as the lack of the agreement among them. Moranjkc said that main reason why this Resolution was rejected by Serb representatives, is mentioning of genocide and involvement of the RS and Serbian institutions in it.

In several occasions Moranjkc said that he knows that Blagojevic's soul is not on the same page as the programme of his party, stressing that SRS was involved into genocide through RS Institutions.

Blagojevic said that this Resolution was rejected because some parts of its text were unacceptable, stressing that it is pitiful why this Resolution was not passed, but that Serb representatives should have been involved in drafting of the text. Blagojevic, in several occasions, repeated that his party was the first one to condemn this crime and first one that has pointed to Ljubomir Beara as a responsible one, adding that it is pitiful that a man like Erdemovic has served just 2, 5 years for hundreds of murders.

Blagojevic stressed that the main goal of this Resolution should be to give lifetime satisfaction to Mothers of Srebrenica and to lead towards reconciliation, stressing that he fears that all this could be just the political game and that Mothers of Srebrenica will be forgotten after the election

campaign and July 11th pass.

Banjanovic also accused them to do all of this, just to obstruct the marking of genocide in Srebrenica, stressing that all of this could have been done after July 11th. Bakic accused Banjanovic for being a thief, whose office has changed direction of many donations, aimed for returnees, stressing that he and his mentor, **Zlatko Lagumdzija** are trying to ruin the farmers.

NOTE: These mentioned accusations are the most polite things they have said, being that some of them were based on national, moral and other grounds.

for non-
implementation
of Court
decision
regarding her
old foreign
currency
savings**

RTRS – Report by Sinisa Mihailovic – **Ruza Jelcic** filed a lawsuit against BiH before the European Court in Strasburg for non-implementation of the Court decision regarding her old foreign currency savings. She also stated that BiH citizens who have saving certificates can buy out apartments and factories with those certificates. **Svetozar Nisic** from the Association of BiH old foreign currency savers stated that Ibrahimovic submitted several incorrect information to the Court. The Court will give its final opinion within a month. The reporter comments that this case has created a problem since it is being divided between one party and one association. **Cedo Grbic** from Old Foreign Currency Savers Party stated that certain “hunters” on old foreign currency savings are trying to break the unity of old foreign currency savers through certain people like Nisic. Nisic denies these allegations and says that they have 15 branches of their Association. Grbic feels that the Court in Strasburg is not the solution for the problems of the savers.
