Political developments/statements	
<p>Mikerevic says RS not for sale</p>	<p>BHTV, Oslobođenje pg 5 'Mrakovica, July 4, Serb veterans and politicians', SRNA – According to RS Prime Minister Dragan Mikerevic, internal stability has been established in the RS and it guarantees the RS' prosperity, despite constant pressure. Mikerevic said that <i>"continued efforts by politically calculating persons and brutal attacks on the RS are just strengthening it"</i>. <i>"I want to warn political troublemakers from Sarajevo, and from some other towns as well, no democratic mechanism exists on this planet which could endanger the RS and my message to them is that their efforts are futile,"</i> Mikerevic told a gathering in Mrakovica where the 62nd anniversary of the heroic tale of Kozara (WWII battlefield in western Bosnia) was marked. He added that <i>"all political parties in the RS agree on one thing: the RS is not for sale, or for bargaining, and it is a permanent fact"</i>.</p> <p>Dnevni Avaz pg 5, mentioned on cover 'We can do nothing without SDS' – Interview with RS Prime Minister Mikerevic. He said that for him personally the SDS position was crucial for the further developments in the entity. The important thing is, according to Mikerevic, who will nominate candidate for the new RS National Assembly speaker. <i>"If the candidate is from SDS, I presume the same parliamentary majority will be at scene, and if not all options to form new parliamentary majority are possible,"</i> said Mikerevic. He added that currently there was a certain crisis in the BiH Council of Ministers and not his Government functioning.</p> <p>Nezavisne Novine cover and pg 3 'Premier Mikerevic is waiting for SDS position'; Glas Srpske pg 3 'RS is not shaken' – Dragan Mikerevic, RS Prime Minister, yesterday stated that it would depend upon the official stance of the SDS whether three SDA Ministers at RS Government would be excluded or not. He said: <i>"I am aware of clear positions taken by PDP and SRS, but now I expect to see position by SDS. My conclusion as to whether there would be parliament majority would ground on that position."</i></p> <p>He also said he is far too serious and responsible to assume the position of a premier in a minority government. Speaking of procedure for Government reshuffle, he explained that he would have to ask for opinion of RS President and RS NA Speaker.</p> <p>Mikerevic also denied speculations there is an authority crisis in RS, saying that: <i>"As demonstrated, RS Government has passed its decisions in its full capacity."</i></p> <p>According to NN inset 'Igor Crnadak: We expect from Dragan Mikerevic to obey party' Igor Crnadak, PDP Banja Luka Board Vice President, said that PDP expects from Dragan Mikerevic to dismiss from offices three SDA ministers.</p>

<p>PDP reiterates Ashdown trying to destabilize RS</p>	<p>BHTV, Oslobođenje pg 8 ‘Not all politicians can be in the same basket’, Nezavisne Novine pg 3 ‘PDP disassociated itself from activities of removed officials’, Dnevni List pg 20 ‘HR in BiH is politically destabilizing RS’ <u>not signed</u>, Vecernji List pg 2 ‘PDP: We have distanced ourselves from criminals’ <u>by f. SRNA</u> – The Main Board of the RS Party of Democratic Progress (PDP) energetically distanced itself from any criminal activities by replaced individuals (RS/SDS officials sacked by High Representative), saying that it still supports the fight against organized crime and urging the OHR to intensify its activities against crime. Commenting on the OHR spokesperson’s claim that PDP leader Mladen Ivanic’s statements <i>“exposed him to the danger of being perceived as a defender of criminalized and corrupt politicians”</i> replaced by High Representative Paddy Ashdown last week, the information service of the PDP said that the OHR was <i>“spinning its version”</i> of the story about criminal activities of the replaced individuals and <i>“diverting attention from the essence – the consequences of the events as far as the political life of the RS and BiH are concerned”</i>. The PDP also asked the OHR whether crime existed only in the RS, whether it also existed in the Federation of BiH and could sanctions for the most responsible officials in the Federation be expected soon. <i>“Without such balanced measures, the fight against crime remains just an empty phrase used to hide the real aim – political destabilization of the RS,”</i> the PDP said. The PDP’s ends its statement by asking why is it that <i>“those responsible only politically and those responsible legally were treated the same if the main goal was not to destabilize the RS in order to change the constitutional system in BiH”</i>.</p>
<p>OHR’s Braithwaite on Ivanic’s request for early elections</p>	<p>Dnevni Avaz pg 2 ‘If Ivanic wants early elections why he has not withdrawn his party from government’ – <i>“Not the international community but the political parties in this country are deciding on whether there will be early elections in BiH,”</i> Chief OHR Spokesman Julian Braithwaite told the daily commenting on PDP leader Mladen Ivanic’s request for early elections. Braithwaite however wonders why Ivanic did not withdraw his party from government if he wants early elections. <i>“We are focused on reforms and we hope there will be no stoppage in the process,”</i> added Braithwaite.</p>
<p>NN op-ed on Ivanic</p>	<p>Nezavisne Novine op-ed pg 7 ‘Ivanic’s deceit’ by Dragan Jerinic – The author is writing about the most recent statement of Mladen Ivanic (who called for removals of SDA Ministers at RS Government and early elections), denying his claim there is an authority crisis in the state. The author also stresses that <i>“if Mladen Ivanic wanted to ensure his intention on break up of coalition with SDA is seriously taken, he should have filed resignation to the position of BiH Foreign Minister.. But no, Ivanic is bothered with SDA coalition only at the entity, but not at the state level.”</i> The author is of the view that Ivanic is just buying time and trying to hush up all criminal activities, following “one EURO” and “Telekom” affairs.</p>

SRS on new RS Government and President of RS National Assembly	Dnevni List pg 20 'To elect RS Government from line of Serb Ministers' <u>not signed</u> – The Executive Board of the Serb Radical Party concluded it is necessary to elect the President of the RS National Assembly, as well as, the RS Government as soon as possible and exclusively from the line of the Serb majority, without Ministers from the line of SDA and respecting the constitutional provisions.
Dodik dismisses PDP call for early election	Oslobodjenje pg 8 'Unserious requests by PDP and Ivanic', ONASA – The requests by the Party for Democratic Progress (PDP) and its leader Mladen Ivanic for early elections in the RS are nothing more than "pre-election marketing", chairman of the Alliance of Independent Social Democrats (SNSD) Milorad Dodik said in Prijedor on Sunday. "Ivanic wants to remove ministers from the Party of Democratic Action (SDA) in the RS government and at the same time stay a minister in Sarajevo, which is an impossible combination, and this speaks by itself about his understanding of the political situation in BiH," Dodik said. Dodik added that his party did not want to fill holes in the current RS political structure and that the current RS government had to consolidate and resume its work since it had given big promises both to the people and the international community. Dnevni List's column Statement of the Day (pg 2) carries Milorad Dodik , SNSD leader, as saying: "We shall not fill holes in the RS authorities!"
Terzic on PDP demands	Nezavisne Novine pg 2 'Terzic: No crisis at BiH COM' – Adnan Terzic , Chairperson of BiH CoM' is of the view that the statement Mladen Ivanic gave would not have negative consequences upon the authority functioning in BiH. He says: "Demand for removals of SDA ministers is a result of shock. I see nothing big in that Ivanic gave such a statement under emotional tensions. I expect from him to overcome it, because politics must be run with "cold-head". Terzic stresses SDA is in no way responsible for removals in RS. He adds: "If Ivanic persisted in his demand for removals and Mikerevic obeyed his order, it would certainly lead towards early elections."
Lagumdžija on PDP demands	Nezavisne Novine pg 2 'Lagumdžija: If Ivanic were serious, he would file resignation' – Zlatko Lagumdžija , President of SDP of BiH, yesterday assessed that the statement by Mladen Ivanic is an example of pure cheap politics. He added: "If Ivanic had wanted to do anything more seriously, he should have filed his resignation to the position of BiH Foreign Minister and joined opposition. It would be the only honourable move."
Kunic on PDP demands	Nezavisne Novine pg 3 'Kunic: Attempt for reinstatement of trust' – Petar Kunic , independent delegate at the BiH House of Representatives, is of the view that the statement by Mladen Ivanic represents a political marketing of Ivanic ! He stresses that by causing crisis, Ivanic wants to reinstate lost positions and trust of the nation. Kunic further assesses that "possible crisis does depend on the official stance of SDS."

<p>More reactions to PDP demands</p>	<p>EuroBlic RSpg 1 'SDA: We will not be victims' – Tarik Sadovic, Head of SDA Caucus at the RS NA, said that SDA Ministers at RS Government cannot be anybody's victims, nor can they pay the price of decision of High Representative, which PDP dislikes. He claimed that PDP demand for removal of SDA Ministers is a part of pre-election move, noting that such act would certainly cause authority crisis in RS, and then in BiH. He added: <i>"There is no need for their dismissals, only if it were in somebody's interest to proceed on further destabilisation of political situation in RS."</i></p> <p>Igor Crndak, PDP Banja Luka Board Vice President, stated that: <i>"PDP made its position clear, although some people are trying to present it as bluffing. As for demand for early elections, there has not still been a meeting with Dragan Cavic, RS President, but we expect it would take place soon."</i></p> <p>Milorad Dodik, SNSD President, expressed his disbelief in announcement of PDP it would break coalition with SDA. Dodik said: <i>"Ivanic is trying to place himself as the father of the nation and he has remembered just now that problems come from SDA, although they have been forming coalition for two years."</i></p> <p>Dodik also said that this is a part of PDP pre-election marketing. (Nezavisne Novine pg 3 'Dodik: Everything is PDP marketing') The RS Serb Radical Party Executive Board said this party would pledge for the election of new RS NA Speaker and Government asap, composed of Serb majority. (Glas Srpske pg 5 'Serb majority')</p> <p>According to NN inset 1 'Ashdown is destroying RS' mentioned on cover, the Washington papers "Defence and Foreign Affairs: claims that the moves made by Paddy Ashdown represent a first attempt to completely invert international arrangements from Dayton by destroying the RS, which would result in placing authority and power in the hands of Bosniak leader in BiH, who has been cooperating with Osama Bin Laden.</p> <p>Dnevni List, pg 3, 'Removals in RS lead to early elections', by Vedran Vujovic – in light of initiative by Mladen Ivanic, PDP leader and BiH Foreign Minister, to have early elections for the RSNA and to exclude 3 Bosniak Ministers (all from SDA) from the Government following HR's decision on removal of almost 60 RS officials, Sefik Dzaferovic, SDA BiH Secretary General and Deputy Speaker of BiH Parliament's House of Representatives, comments that early elections at this moment could only slow reform processes down. As for initiative regarding Bosniak Ministers in the RS Government, Dzaferovic does not see their responsibility in failure to cooperate with the ICTY.</p> <p>Nebojsa Radmanovic, President of SNSD Executive Board, comments that his party has been advocating early elections, but for reason different from Ivanic's, because the current authorities are incapable of fulfilling pre-election promises. In his view, the initiative regarding Bosniak Ministers in the RS Government is a matter for SDS-PDP-SDA coalition. Safet Halilovic, Party for BiH President, shares Dzaferovic's view on initiative for early elections in the RS and believes announced removals were launched to please voters.</p>

RS Association of Writers: Ashdown's dismissals breakdown of democracy	Oslobodjenje pg 3 'Paddy Ashdown's dismissals breakdown of democracy' – The RS Association of Writers as well as the writers living and working abroad believe that the recent removal of 59 RS officials by the High Representative, Paddy Ashdown , represents a <i>“breakdown of democracy in these areas.”</i> The Association says that the removals create conditions for fresh inter-ethnic conflicts similar to those of 1992 at the beginning of war in BiH.
Prosvjeta Serb Educational-Cultural Society condemns HR's decisions	Oslobodjenje pg 5 'We are astonished by removals of 59 RS officials' – The Serb Educational-Cultural Society Prosvjeta on Sunday said they were “astonished and embittered” by the recent removal of 59 RS officials by HR Paddy Ashdown, some of whom were prominent Prosvjeta members. The Main Board of the Society assessed that the HR measures were directed against the RS interests as well as the Dayton Peace Agreement.
Patriot on removals of RS/SDS officials	'Breakdown' cover and pgs 6-7 by <u>Slobodan Vaskovic</u> – The author writes about the most recent decision on removals of 59 officials by High Representative to BiH, Paddy Ashdown . The author claims that HiRep has taken advantage of the cause for punishments and placed some people, who should not be placed together, on the same list. Namely, author says that Zoran Djerić and Dragan Kalinic should not have been placed on the same list, because Zoran Djerić did indeed try to improve cooperation with the ICTY. The author further claims that Djerić was actually removed because of his opposition to initiatives for establishment of a single police ministry at the state level. <u>Vaskovic</u> is further critical of Kalinic , saying that nobody will regret over his removal, because Kalinic has betrayed all of his party colleagues. <u>Vaskovic</u> also expressed surprise over the fact that <i>“international community has so harshly and deeply cut into the SDS flesh. In Kalinic's style, mercilessly and brutally, they have removed all those, who opposed to them in any way.”</i> The author further claims that Kalinic had a last demand before the IC, which was to remove the closest associates of Dragan Cavic . And IC met this request.
Cedo Volas on HR's decision	Dnevni List pg 20 'OHR's decision is sort of putsch' <u>not signed</u> – President of the RS Trade Union Cedo Volas condemned the HR's decision on removals and said that this decision verges on some sort of putsch. Volas stressed that the HR's decision can influence economic and welfare situation and for this reason it is necessary to take urgent measures in order to consolidate authority in the RS.

(Nezavisne Novine pg 5 'Sveto Stojancic appointed as Acting Director of “Telekom Srpske”; Glas Srpske pg 3 'Stojancic as Acting Director')

The press release also says that the HR and a part of the International Community are using these claims as justification for exerting pressure against SDS and that they (the HR and a part of the IC) have caused the most serious institutional crises in the RS.</p> <p>Note that the issue was prominently covered by OHR Weekend Media Brief.</p>
On education reform in Canton 10	<p>Dnevni List pg 8 'OHR on move' <u>not signed</u> – Head of the OSCE Democratisation Department in Bihac Mersiha Causevic stated that the fact that the Canton 10 Assembly did not adopt Law on primary and secondary education is an issue of rule of law and that Cantonal officials are directly responsible for this situation. She also stressed that the OHR set the deadline for adoption of the aforementioned law, which expired on June 18. She added that possible fines against HDZ are under competence of the OHR that should make the next move.</p>
VL on possible extension of HR's mandate	<p>Vecernji List pg 2 'Ashdown in BiH until 10th anniversary of Dayton?', mentioned on cover, 'Ashdown's mandate to last another year?', <u>by E. Medunjanin</u> – VL says that according to the information coming from High Representative Paddy Ashdown, the extension of his mandate in BiH by May 2006 has been already offered to him. Allegedly, in principle the HR agreed to stay in BiH until the 10th anniversary of signing the Dayton Peace Accord, that is, by November 2005. VL says that in case that the HR does not accept the extension of his mandate there is a possibility that the International Community appoints a new HR.</p>

War crimes	
Dnevni Avaz: Karadzic and Mladic were ready to surrender	<p>Dnevni Avaz pg 2 'International intelligence officers and paid killers from Serbia in search for Karadzic and Mladic', mentioned on cover 'Karadzic and Mladic were ready to surrender' – According to the daily's well informed sources, the most wanted war crime indictees, Radovan Karadzic and Ratko Mladic, have been prepared to voluntarily surrender under condition they are allowed to defend themselves from liberty.</p>

<p>Interview with Tadic</p>	<p>Glas Srpske pg 2 'Enough of ultimatums'; EuroBlic pg 3 'If I were Mladic, I would be in Croratia'; Vecernje Novosti pg 2 'Independn Kosovo is out of question' – In an interview to "Der Spiegel", Boris Tadic, Serbian President, speaks about developments in Serbia and Kosovo and Metohija. Speaking of situation in RS, he said that Paddy Ashdown has caused a dangerous situation by having kept Dragan Cavic on authority and removed all other senior officials. On this he stresses this was counter-productive. Speaking of Ratko Mladic, he says the situation now is completely new noting that Mladic must be brought before The Hague Tribunal over crimes committed. He stresses Premier Kostunica is engaged in intensive pursuit after Mladic, but it seems that all addresses Tribunal provided to us are wrong. He concludes: <i>"If I were Mladic, I would be hiding in Croatia."</i></p>
------------------------------------	--

<p>Nacional on arrest of Karadzic</p>	<p>Nacional cover and pg 3 'Pursuit after dead Karadzic' by <u>P.J.</u> – Referring to anonymous sources, Nacional reports that pursuit after Radovan Karadzic has intensified over the past period and is aimed at murdering, not arresting him, because it would not be in the interest of American democrats if Karadzic were brought before Tribunal. In such a case, Karadzic would be in a position to disclose all secret agreements and arrangements in Bosnia , which would place democrats in US in extremely hard position on the eve of presidential elections.</p> <p>According to Nacional, the act of arrest would be recorded and hence later on sold and broadcast at one of the most powerful TV companies. Such media scenario would be of crucial importance for our people.</p>

Sredoje Novic, SIPA Director, on state special unit tasked to arrest war crime suspects

Dnevni List, pg 4, 'Best quality personnel from special units to be in elite state unit', by Nina – with regard to the fact that BiH is to get its first state-level special unit that will be tasked to arrest war crime suspects and that is to operate within SIPA, SIPA Director **Sredoje Novic** has stated for Radio Free Europe that the procedure for establishment of the unit, or at least a part of it, will start before the end of this year. He has added that, out of a number of special units in BiH, one should take the best quality personnel to thus create an elite, state-level unit. There may be a need to borrow a part of equipment from existing units and currently talks are being held on the number of members of the elite special unit. Novic has also added that so far SIPA has not had information on movements of the war crimes runaways and he does not find it surprising that one should negotiate a possibility of indictees turning in. He, however, refused to comment on the speculations on the conditions of **Radovan Karadzic's** surrender.

**Interview
with A.

**Bosnian “Abu
Graib” near
Tuzla**

Glas Srpske pg 2 ‘Abu Graib in Bosnia as well’ – GS reports the original article published in VN, which reads that “the term Abu Graib does not solely represent the name of the prison in Iraq, but it is a synonym for allowed and unpunished harassment of illegal detained “local population” in the states under the occupation of liberators in the name of humanism and peace.”

Dailies further claim that there is a Bosnian Abu Graib, seated near TuzlaAirport, namely at a hangar, where CIA and SFOR agents operate. According to dailies, this is the place where **Zoran Jankovic Luna, Milovan Cicko Bjelica** were taken.

Dailies also question whether there are more prisons of this kind in BiH.

<p>GS on private medical practice</p>	<p>Glas Srpske cover page story 'They are bothered with double-practise' – Dragica Medjedovic, Deputy Director of RS Health Care Fund, told GS that until the issue of double-practise of doctors is legally resolved, the RS Health Care Fund would not make contracts with any private run health care institution. The point is that health institution sometimes cannot provide complete services and accordingly forward patients to private centres. The problem is also in the fact that doctors sometimes forward their patients to private practise centres, where they work and where patients have to pay full price.</p>
