HR to attend 6th SEECF Summit in Belgrade	<p>Dnevni Avaz front page, pg. 3 'Ashdown appears against Mafia' – The problem of organised crime and Mafia is a regional problem and that is how it should be tackled. The authorities in BiH, particularly those in RS, should use this historic opportunity and join the authorities in Serbia in fighting the evil arisen from the war, which has caused so much suffering. This is what will the High Representatives say in his speech tomorrow in Belgrade. Paddy Ashdown will, according to Chief OHR Spokesman Julian Braithwaite, travel to the Serbian capital on Tuesday to participate in work of the 6th SEECF (South East Europe Cooperation Process) Summit in the town.</p>

<p>Ashdown supports Terzic initiative</p>	<p>Glas Srpski, page 2, 'Intelligence officers under control' – Vedran Persic, OHR Spokesperson, told Srna news agency that HiRep to BiH, Paddy Ashdown, fully supports the idea of the Chairperson of the BiH CoM, Adnan Terzic, in regard to the establishment of the state inspectorate for intelligence affairs at BiH level. According to Persic, "BiH cannot keep ignoring this problem".</p>
<p>SD on the latest HR decisions</p>	<p>Slobodna Dalmacija (page 7, by <u>Vuk Djuricic</u>) carries an editorial in light of the High Representative's recent decisions about "Orao" and espionage affairs. The author says the HR's decisions started a dismantling of the RS, "a creation in the neighboring BiH born of crime", which is now being dismantled "as its late friend Herzeg-Bosnia". Regarding Sarovic's resignation, SD says he resigned after consulting the RS leadership hoping the resignation would stop the dismantling. "The assessment, and Ashdown's moves confirm it, was wrong. Namely, following the Sarovic's resignation, there were moves that announce important changes not only in the area of military, but changes to the overall set-up and future functioning of BiH", says Djuricic.</p>

Oslobodjenje's Prohic on Ashdown	<p>Oslobodjenje pg. 2 In Focus editorial by <u>Ibrahim Prohic</u> 'Missed opportunity' – "The High Representative has missed a great opportunity, the best since Dayton, to make a turn in the normalisation of the political situation in BiH, meaning to crucially strengthen the foundations of the state of BiH," wrote Prohic. However, according to Prohic, the two big scandals in the RS (Orao and espionage) have de facto passed without proper punishment since they are both a product of the system and model of government in the entity that undoubtedly have anti-Dayton orientation. Prohic concludes that the motives and the strategy of the High Representative are therefore remaining unclear.</p>

**Ivica Rajic
arrested in
Zagreb**

Vecernji List (front "Ivica Rajic arrested" and pages 2 and 3 "Ivica Rajic arrested after seven and half years", by Zoran Kresic) reports that an ICTY indictee charged with war crimes committed against Bosniak civilians at Stupni Dol (BiH) in 1993, Ivica Rajic, was arrested by the Croatian MoI at an unknown location in Croatia on Saturday, as confirmed by the Croatian Ministry of Interior.

Apparently, Rajic did not resist the arrest. Other CRO papers report Rajic was arrested in Zagreb. At the moment Rajic is being kept in detention following a decision by an investigative judge who decided Rajic is to be kept in the so-called extradition detention. According to Rajic's lawyer, Zeljko Olujic, Rajic denied all the charges saying he was proud about what he had done as a member of HVO.

<p>JL: "Belgrade promised hunt for Mladic"</p>	<p>Jutarnji List (page 3, by <u>HINA</u>) reports that authorities of Serbia and Monte Negro on Saturday promised they would start hunting down General Ratko Mladic, a former commander of the Serb army in BiH. Reportedly, the Defence Minister of Serbia and Monte Negro, Boris Tadic, told the Monte Negro based "NIN" TV that he did not know whether Mladic is being guarded by the S&M army adding: "We will conduct the most comprehensive investigation". JL notes Tadic is a first senior official from Belgrade that has promised an action against Mladic. (Identical report and headline in Vjesnik on front page)</p>

<p>Goran Svilanovic on war criminals in Serbia</p>	<p>Dnevni List (page 10, by <u>HINA</u>, “Involved in Djindjic murder committed war crimes too”) carries the Serbian and Monte Negrin Foreign Minister, Goran Svilanovic, as saying that the same people who were involved in the assassination on the Serbian PM Djindjic committed war crimes too. “It is obvious we are moving in the same circle of people who were involved in the war crimes, and in the same time they were granted amnesty because of alleged services, and they were allowed to engage in the organized crime and organization of network of drugs and arms”, said Svilanovic. Svilanovic also said that all the ICTY indictees in S&M should be arrested and allowed a fair procedure before the ICTY.</p>
<p>Feral Tribune on burial of Srebrenica victims</p>	<p>Feral Tribune (pages 34, 35 and 36, by <u>Ivan Lovrenovic</u>, “Over tomb of any humane meaning”) carries a comment on the burial of 600 identified victims of the Srebrenica massacre saying that the current political monstrosity in BiH was most evident in a statement by the Bosniak member of BiH Presidency, Sulejman Tihic, who stated at the burial that he spoke for himself because there is no joint position of the BiH Presidency when it comes to Srebrenica. Lovrenovic says: “At a place where people cannot have ‘a joint position’ on Srebrenica, every humane meaning is long lost, and such fatal loss of moral substance cannot go without the decay of any political meaning.”</p>

<p>Families of killed Serbs in Bratunac and neighbouring villages are angry with BiH authorities and IC</p>	<p>Burial of 600 Bosniaks in Potocari near Srebrenica went without incidents, with presence of the both entities' representatives and 22 ambassadors to BiH. However, neither High Representative Paddy Ashdown nor Mustafa Cerić nor Sulejman Tihić mentioned by a word suffering of Serbs in that area. President of the Board of Families of Killed in Bratunac municipality Mirjana Živković says that embitterment over constant ignoring of Serb victims is justified / right. "At every memorial service to Serb victims representatives of IC and BiH were invited but they never showed up", Živković says. The families of killed Serbs in Podrinje are also embittered because still there is no indictment against Naser Orić. (Blic pg. 7 'Even victims of criminals are divided according to ethnic belongings')</p>

**SDA, HDZ leaders to
discuss
establishment of
Herzegovina-Neretva
Canton Government**

Dnevni Avaz pg. 2 'Tihic and Colak to decide today on the HNC Government formation' – The leaders of the SDA and HDZ BiH, Sulejman Tihic and Barisa Colak, are expected to meet today in Sarajevo in an attempt to resolve the burning issues of the Herzegovina-Neretva Canton establishment. In a statement for the newspaper, Colak said that, actually, this had been a task of the SDA and HDZ cantonal bodies in Mostar. "At the beginning of the establishment of the common authorities, we have obliged to abolish parallel structures. At the meeting, we will therefore determine who is not sticking to the agreement," said Colak.

<p>HDZ's Colak denies statements by SDA Vice President Jahic</p>	<p>Dnevni List (front and page 3, by <u>Miso Relota</u>, "HDZ fulfilled obligations") carries a reaction by the acting President of HDZ BiH, Barisa Colak, to a statement by an SDA Vice President, Elmir Jahic, who stated the Government in Herzegovina-Neretva Canton (HNC) has not been formed because HDZ did not keep up a promise made earlier. According to that promise, SDA left the appointment of a Serb minister in Central Bosnia Canton to HDZ, and now the roles were to be reversed in the HNC. Colak denies such a promise or agreement was ever made. "One must understand there is no special regime in the HNC. These are decisions enacted by the IC, in other words by the OHR. HNC is like any other canton. Regarding the formation of authority, only the election results and 1991 census can speak about it. That's the criteria for formation of authority (...) I believe the today's meeting with SDA top will result in an agreement that covers the formation of HNC Government. These statements by Vice President are not true. I will ask Elmir Jahic to declare himself about the statements", says Colak.</p>

<p>BiH Prime Minister: There no fear that revision of the privatisation will create chaos</p>	<p>Dnevni Avaz pg. 5, mentioned on the front page 'Revision (of the privatization) will not create chaos' – Interview with the FBiH Prime Minister, Ahmet Hadzipasic. "There is no reason for fears that the revision of the privatization of the state-owned enterprises carried out before the war during the mandate of then Yugoslav Prime Minister Ante Markovic or after the war under the rules of the Federation and Cantonal Privatization Agencies will create chaos in the process," said Hadzipasic. He commented on the opinion expressed by Federation Privatization Agency Director Resad Zutic, who said that the revision of the Markovic's privatization would cause confusion and slowing down of the state ownership transformation and that it would lead to a situation in which a large number of workers-current shareholders would lose their shares. (Oslobodjenje pages 4-5 'Workers will lose their shares'). Hadzipasic however claims that there will be no problems in the enterprise where the privatization was carried out regularly.</p>

<p>International Supervisor supports Brcko Government's efforts to rebuild Arizona Market</p>	<p>FENA, SRNA, Glas Srpski, p 2, Nezavisne Novine, p 6, Vecernje Novosti, p 19 – Brcko District Government had planned to begin dismantling structures illegally built on public property along the Tuzla-Orasje road in the Arizona Market, on 3 April. The objective of this exercise was to clear space on which to build new infrastructure – including drainage pipes and a service road – in accordance with the Regulatory Plan of the Market. Opponents of the Arizona Market redevelopment illegally interfered with the responsible officials' work, and prevented them from carrying out their task. Anyone who has been caught in traffic in the Market, or who has tried to shop there in a rainstorm, will surely understand that these infrastructure improvements are absolutely essential to any improvement of conditions at the market. Supervisor Clarke would like to remind the public that bringing the rule of law to the Arizona Market, and ensuring its proper redevelopment are essential elements of his mandate in Brcko District. By their obstructive action on 3 April, opponents of the Market redevelopment have demonstrated a flagrant disrespect for the law. However, they should not be encouraged by the Government's tolerant behavior in the past. Those who illegally obstruct implementation of the project must face the legal consequences accordingly. The Government has the Supervisor's full support in enforcing the law and Assembly decisions with regard to the Arizona Market, so that the lawless, criminal and unsafe environment that existed in the Market until two or three years ago are thoroughly and conclusively eradicated, and replaced by a properly managed commercial environment that serves the interests of consumers and traders.</p>
