Update: Ante Jelavic in hiding

<p>International arrest warrant issued for Ante Jelavic</p>	<p>BHT 1 by <u>Boris Grubescic</u> – BiH Interpol has issued an international arrest warrant for Ante Jelavic, former BiH Presidency member who is sentenced by the Court of BiH to ten years in prison for multimillion fraud and office abuse. The international arrest warrant for Jelavic has been forwarded to 184 Interpol member countries; they all received the request for Jelavic's extradition, which includes his photo and the brief description of his crimes. But that does not mean that Jelavic would be automatically extradited if he is arrested in one of those countries: in fact, the Ministry of Justice in country where Jelavic is arrested would have to decide whether he will be extradited or not, stated Interpol BiH Deputy Head Adi Biser. State Information and Protection Agency (SIPA) and State Border Service are searching for Jelavic, but until now his whereabouts remain unknown, confirmed SIPA Spokesperson Admir Katica. Since it is very possible that Jelavic could be hiding somewhere in Croatia, BiH security services contacted their counterparts in Croatia asking for help; the problem, according to BHT reporter, lies in the fact that Jelavic has Croatian citizenship as well, and Croatian constitution does not allow the extradition of its citizens.</p> <p>RHB, FTV, PINK, RTRS, Hayat, Oslobodjenje cover splash, pgs 4-5 'Interpol issued arrest warrant for Jelavic' by <u>A. Nezirevic</u>, pgs 4-5 'Police has never had surveillance over Jelavic's villa', Nezavisne novine pg 2, mentioned on cover, 'Arrest warrant for Jelavic issued', Dnevni Avaz pg 3 'International warrant issued after Jelavic' – also reported.</p>

<p>Media speculations on possibility of Jelavic hiding in Croatia</p>	<p>Dnevni list pgs 4-5 'International arrest warrant issued after Jelavic', mentioned on cover, by <u>N. Dedic, E. Mackic</u> – DL speculates that if Ante Jelavic is in Croatia, than Croatian authorities will most probably seek transfer of the proceeding before its court, i.e. would seek from BiH judiciary to transfer all documents and than decide whether a proceeding should be renewed before its local judiciary. DL's source from Croatian judiciary says that from legal point of view, Jelavic is now safest exactly in Croatia. Dnevni Avaz pg 3 inset – BiH Court is to decide what to do with Jelavic's bail of half million KM, i.e. whether to keep the total sum which should done be forwarded to the state budget or not. Oslobodjenje pg 4 inset 'Halt of the process' – Daily says that unless Jelavic is arrested by 20 October, there will be changes in the proceeding still being led against him, Miroslav Prce and Dragan Curic before the BiH Court in case of Croat Self-Rule. According to daily, the current law doesn't stipulate trial in absence, thus if he is still in run, the part of the proceeding against him will most probably be halted. Nezavisne novine pg 2 'Jelavic can be arrested in Croatia, but he will not be extradited', Dnevni Avaz pg 3 'Croatian MoI informed about Jelavic's escape', mentioned on cover – NN also speculate on possibilities if Jelavic is hiding in Croatia .</p>

<p>Media: HDZ officials fully support Jelavic</p>	<p>FTV – At the session of HDZ Main Board and Presidency, party's members HDZ condemned the verdict in the case of former HDZ leader Ante Jelavic, as well as the way BiH Court was conducting this case. Hayat by Alem Karamesic – Reporter comments that HDZ continues to stand behind Jelavic, considering that he didn't escape, but that his disappearance is a result of Court's injustice, stressing that sentence to Jelavic is another reason why Croats have lost faith into the Court. RHB– HDZ Board of Central Bosnia also strongly criticised verdict against Jelavic, deeming it as another pressure exerted against Croats in BIH. Nezavisne novine pg 2, mentioned on cover, 'Arrest warrant for Jelavic issued' by <u>A. Durmo</u> – Member of HDZ Presidency, Davor Cordas, told media in Mostar that Ante Jelavic's failure to appear before the Court cannot be called a runaway. <i>"Every man feels has difficult time to face injustice, and Jelavic feels this deep inside. Every reaction is justified and it would be wrong for any of us to comment it,"</i> says Cordas.</p>

<p>Lozancic: Verdict proves thesis that process was politically orchestrated</p>	<p>Glas Srpske supplement 'Glas Plus' pg 2 'One cannot live out of illusion' by <u>Nedeljko Zelenovic</u> – In an interview to GS, the FBiH Niko Lozancic comments to the proceedings against Ante Jelavic before the BiH Court:</p> <p><i>"Proceeding against Mr Ante Jelavic is politically orchestrated... Verdict proves my thesis. The fact is that the highest political organs in BiH employ more foreigners than BiH citizens. That says enough about our independence."</i> Asked whether he implies the international community created the judiciary to serve it, Lozancic responded: <i>"You said that. I have nothing against this stance of yours."</i></p>
<p>Oslobodjenje op-ed: By escaping, Jelavic showed his real character</p>	<p>Oslobodjenje pg 9 'An image of 'national guardian'' op-ed by <u>Mirko Sagolj</u> – Commenting the verdict against Ante Jelavic, author says nobody can assure him that Jelavic has 'clean hands' when it comes to finances adding that his decision to run away only further shows the character of all those 'national guardians' who <i>"fight for the rights of their people"</i>. Most important, says the author, Jelavic has been fully supported by his party, HDZ, as it was the case with every other official of one of the ruling parties who stood trial. <i>"The essence of this problem is the fact that the crime, even the one of the biggest size, is being masked... as in the interest of 'my deprived people',"</i> concludes the author.</p>

<p>NN: Why HNK MoI did not react earlier?</p>	<p>Nezavine novine pg 7 'Runaway' op-ed by <u>Sasa Cavrag</u> – Author also notes Jelavic should have stayed and face the verdict to show is a man of the ideas he proclaims. It also wonders why the HNK police, who was supposed to be in contact with Jelavic every morning and evening, did not carry out preventive measures which would avoid this situation. <i>"The respond is either incompetence or something else,"</i> says author noting Jelavic failed to contact police in the morning, but they have not acted until BiH Court asked them to do so.</p>

HDZ Main Board and Presidency session

Media: EPP's letter to HDZ raise tensions; party divided

BHT 1 by Seid Masnica – BHT 1 comments that after the President of European People's Party (EPP), **Wilfried Martens**, sent a letter to the Presidency of HDZ BiH, in which he notes that the election of HDZ President should be repeated due to irregularities new tensions were raised inside this party. While some members of HDZ believe that Covic was elected in a fair and transparent way, others claim that this letter came just in the right moment. Friday's sessions of the HDZ Main Board and Presidency was supposed to be focused at the changes to the BiH Constitution, instead members mainly discussed the EPP's letter. *"We believe that they are not well informed about the circumstances in which HDZ election assembly took place. We will send them a correct and true information"*, said member of the HDZ Presidency **Niko Lozancic**. HDZ President **Dragan Covic** avoided answering journalist's question about the irregularities during the elections for HDZ President. Instead, says reporter, he started praising his party: *"We are European, democratically organized party, and we were elected in a legitimate way"*, stated Covic. On the other hand, some HDZ members believe that the EPP accusations and requests are justified, because the number of ballots counted after the elections for HDZ President was bigger than a number of voters. **Bozo Ljubic**, the candidate who lost the elections, held a meeting with his supporters inside HDZ. They request new elections. According to the HDZ statute, that would be possible if certain number of HDZ members asks for it. **FTV** – Ljubic stated that current HDZ Presidency should resign; any other solution would be wrong and would only lead to this party's isolation, stated Ljubic. **RTRS** – Covic dismissed possibility of elections being repeated: *"We will present all elements of assembly decisions to them (EPP)."* **Dnevni list** cover splash, pg 2 'No new elections, Covic remains the President' by Marko Karacic – DL comments that EPP's letter divided the party.

<p>HDZ answers to Martens: elections were legal; some HDZ officials do not agree</p>	<p>Dnevni list cover splash, pg 2 'No new elections, Covic remains the President' by <u>Marko Karacic</u>– HDZ Presidency sent an answer assuring EPP that the Convention and elections were held in accordance to the highest European standards. DL says some HDZ officials were angry at the stance of the HDZ Presidency, naming member of party's presidency Vinko Zoric, Martin Raguz, Josip Merdzo and a number of others, deeming such ignorance of EPP's concerns to be utterly irresponsible. HDZ concludes that after the sessions, chances for the new HDZ President are minimal. FTV – FTV comments that the letter was not to be signed by all HDZ Presidency members. Prior to confirmation being sent, FTV names Vinko Zoric as one of those: <i>"If there really was 541 voters and 544 ballots in the ballot box... well, if I was the one to be elected as the HDZ President in such way, i would immediately cancel the negotiations and convene a new one."</i> Hayat – also carries Zoric's statement. RHB– The HDZ said in a letter to EPP it is looking forward to an early meeting with the EPP leadership to exchange views on all issues of cooperation, activities and mutual relations. Dnevni Avaz pg 9 'Ljubic: Dragan Covic defeat is unavoidable' by <u>F. Vele</u> – Bozo Ljubic stated once again that Covic's election was not legal. Raguz said of the EPP's letter that it is not to be ignored.</p>
<p>Ashdown: Will HDZ use chance to become reformatory European party?</p>	<p>Dnevni Avaz cover splash 'Colossal changes yet to come', pg 5 'We leave Dayton, enter Brussels!', inset 'SDA and HDZ' by <u>Sead Numanovic</u> – In an interview to DA mainly on PIC Steering Board session and police reform, the High Representative Paddy Ashdown comments: <i>"The question is whether the newest development when it comes to [Dragan] Covic's appointment and correspondence they have with EPP will be a chance for HDZ's new beginning and gaining of the image of reformatory European party."</i></p>

<p>HDZ says BiH must have new constitution by elections in 2006</p>	<p>Dnevni Avaz pg 9 'New constitution until 2006', Nezavisne novine pg 2 'BiH must get new constitution', Glas Srpske pg 2 'Constitution ready for retirement' – HDZ Main Board concluded at a session held in Mostar on Friday that BiH must have a new constitution, as the current organization of the state is not viable. The party statement says that the new constitution should be adopted through parliamentary procedure by the time of the next municipal elections, at the latest. <i>"The new reorganization of BiH should have a pronounced concept of decentralized administration, equal development secured for all parts of BiH , as well as ensuring a rational administrative structure which would satisfy the national interests of all three constituent peoples,"</i> the statement says. RTRS by <u>Bozidar Stajcic</u> – HDZ Chair Dragan Covic stressed that BIH should consist of 3 federal units, and added that HDZ would establish contact with other parties in order to discuss the constitutional changes. He added that Croats must seek their equality in BIH if RS remains a reality. FTV – HDZ also announced the meetings with other Croat parties to harmonize their positions regarding constitutional changes; those meetings are scheduled for Monday. Hayat – also carried.</p>
<p>Lozancic strongly advocates constitutional changes</p>	<p>Glas Srpske supplement 'Glas Plus' pg 2 'One cannot live out of illusion' by <u>Nedeljko Zelenovic</u> – In an interview to GS, the FBiH Niko Lozancic strongly criticises the current BiH Constitution claiming that it brings no good to any of the peoples. Lozancic adds all agree about it, but there are difference in opinions of the form of the constitutional changes needed. As an example of the ill constitutional provisions, Lozancic gives examples of adoption of the PBS law in the BiH House of Peoples despite the opposition of all Croat delegates as well as the powers of the High Representative.</p>

In a communiqué issued following the meeting, PIC Steering Board welcomed the RSNA’s adoption of an agreement on police reform, endorsement of the Public Broadcasting System law and recent adoption of the BiH Defence Reform legislation. Regarding the VAT introduction, Steering Board expressed their full support for the Indirect Taxation Authority and welcomed the fact that technical preparations were proceeding according to plan. Political Directors also expressed regret that all ICTY indictees, particularly Radovan Karadzic and Ratko Mladic, have not yet been transferred to the ICTY, noting that the only outstanding requirement for BiH to accede to PfP is full cooperation with the ICTY.</p> <p>The Political Directors strongly and unconditionally opposed segregation and discrimination in schools in BiH, calling on all responsible authorities to ensure that all disputed decisions on school divisions are reversed. PIC also welcomed Srebrenica report and progress made towards unifying the Mostar City institutions.</p> <p>On Brcko, the Steering Board urges the CoM to implement the proposal of the Brcko District authorities to establish a District Office within the state-level executive as soon as possible.</p>

<p>Terzic on PIC Steering Board session, SAA; Ivanic: current CoM cannot lead SAA negotiations</p>	<p>BHT 1 by <u>Damir Simic</u> – BiH Council of Ministers Chairman Adnan Terzic had convened an extraordinary session of the CoM to discuss the police reform agreement adopted by the RSNA, stressing that as soon F BiH Government and F BiH Parliament adopt it BiH will have all 16 conditions set by the Feasibility Study fulfilled. <i>“Few days after that EC should recommend that EU Council of Ministers to allow BiH to start the SAA negotiations”</i>, added Terzic. Despite the recent developments, BiH Minister of Internal Affairs Mladen Ivanic does not believe that this CoM will be able to successfully negotiate on SAA. Terzic responds saying Ivanic has no influence on the negotiating process, because Terzic’s cabinet and the Office for European Integrations are responsible for this issue. In its communiqué, the PIC Steering Board urged CoM to establish a Brcko District Office within the state-level executive as soon as possible. <i>“(Brcko Mayor Mirsad) Djapo and I have already made an agreement, along with the representatives of the US Embassy, on opening the Brcko District Office at BiH CoM. Unfortunately, ministers from RS were not satisfied with this decision”</i>, said CoM Terzic.</p>

Colossal
changes yet to
come RTRS

Dnevni Avaz cover splash 'Colossal changes yet to come', pg 5 'We leave Dayton, enter Brussels!' by Sead Numanovic – In an interview to DA, the High Representative **Paddy Ashdown** comments that the police reform could be accelerated if the financial construction in the country allows such possibility. Ashdown explains that five years deadline for implementation was not defied as such without a reason: *"We had on mind the financial capability of the country. In the current situation, it could not deal with the shorter police reform."* Talking to DA after the PIC Steering Board session, Ashdown said that the decision on police was welcomed, but now we are to look into the implementation. PIC underlined 3 EC principles, and it is clear, says Ashdown, *"that the inter-entity border line will be cross where needed, in say three cases. EU, supported by US but also other PIC countries, will now monitor police reform."* On the SAA talks, Ashdown estimates that if everything goes right they could be commenced by the mid-December. Asked which are guarantees that in a year situation alike today [referring to long police reform negotiations] would not be repeated, Ashdown answered: *"EC will supervise the process of reform implementation. If it lack, than the integration process is to be stooped... EC, as my successor, will act as police... Sanctions for those responsible [for possible halts] will face draconian sanctions... We leave Dayton and enter Brussels. Colossal changes are yet to come... issue of constitution changes, we can ask for no visa regime,..."* Ashdown also said HDZ now, after the EPP's letter

<p>SDA: delegates in FBiH parliament will address some unclear things; Tihic: We will not be obstacle</p>	<p>Dnevni Avaz pg 2 'Tihic: we will not be obstacle' by <u>A.M.</u> – At the session held on Friday, the SDA Collegium discussed the agreement on police reform concluding there are certain unclear things in the proposal which are to be addressed by the party's representatives in the FBiH parliament. SDA leader, Sulejman Tihic, said that main objections of the party are given deadlines and their duration, principle that the BiH and entities' constitutions must be respected and possibility for different interpretations. However, he adds that the SDA will certainly support the agreement. <i>"We will not be an obstacle. Asked about the importance of PBS reform for the SAA talks, Rycroft stated that this law is extremely important, adding this law is not an obstacle to SAA, but stressing the importance of continued cooperation with the ICTY. On the issue of constitutional changes, Rycroft commented: <i>"We will not propose or impose any constitutional changes, but if the leaders of this country agree that [those] can strengthen the country, we will support it."</i> Commenting the current structure of BiH, Ambassador noted that this is an issue for citizens/politicians, and added: <i>"In my personal opinion, the number of those employed in the state bodies is ridiculously high. Some kind of unification, even decrease, is necessary... Besides, EU works with states, not entities or cantons."</i> Rycroft also said that if BiH opens SAA talks, early elections are unnecessary thought.</p>

<p>RS Elektroprivreda drops lawsuit against Ceko</p>	<p>BHT 1 by <u>Zoran Sarenac</u> – According to RS Minister of Economy, Energy and Development Miladin Gligoric's information, Elektroprivreda RS has withdrawn the lawsuit against Chief RS Auditor Bosko Ceko. The lawsuit was brought after Ceko's audit report on Elektroprivreda dealings. But, instead of Ceko, the management of Elektroprivreda could have been dismissed if it did not withdraw the lawsuit; at least that was the warning issued by the RS Government. <i>"We expect that Elektroprivreda will undertake appropriate measures against persons responsible for omissions stated in auditor's report"</i>, said Head of the RS Government Public Relations Bureau Cvijeta Kovacevic on Friday. Ceko himself believes that the lawsuit is nothing more than an attempt to discredit him and his institution. RTRS by <u>Momcilo Ostojic</u> – The decision on lawsuit withdrawal occurred after the warning made by RS Government that it will dismiss the management of RS Elektroprivreda unless it withdraws the lawsuit. Gligoric stated that it makes no sense for a state company to sue a state institution.</p> <p>PINK, Dnevni Avaz pg 2 'RS Elektroprivreda withdrew lawsuit against Ceko', Oslobodjenje pg 3 'Lawsuit against Bosko Ceko withdrawn' by <u>Fena</u>, Glas Srpske pg 2 'Ceko did well', Nezavisne novine pg 6 'ERS withdrew lawsuit against Bosko Ceko' – also reported.
