Ashdown meets with Solana: EU's door is open to BiH	Herceg-Bosna Radio, Oslobođenje pg 4 'BiH's progress within the EU's SAA process', Vecernji List pg 3 'HR for BiH in Brussels' <u>by vr</u> – The EU Special Representative and the High Representative, Paddy Ashdown , met in Brussels on Tuesday with Javier Solana , the EU's High Representative for Common Foreign and Security Policy. The EU Special Representative Ashdown and Javier Solana discussed BiH's progress within the EU's Stabilization and Association Process. Both agreed that BiH's full cooperation with the ICTY remains an indispensable condition for progress. EU Special Representative-High Representative Ashdown underlined that BiH needs to make very significant improvements in its cooperation with the ICTY, without which there is a real danger that its progress towards integration with the Euro Atlantic institutions could be blocked.

The author is of the view that in spite of evident post-war problems with which BiH is facing, he believes BiH has all the chances possible to become a sustainable and a modern European state – but only if it joined NATO and European Union.

She told a press conference in Banja Luka that the Government knows what, where and from whom to seek the relevant materials with regard to the ICTY's request. <i>"This request was then forwarded to the relevant ministries that have very clear commitments and deadlines"</i>, she noted not specifying details.</p> <p>Glas Srpske pg 2 'They are going through archives' by <u>M.Dz.</u>, Dnevni List pg 3 'Search after wartime minutes from sessions of the RS army Headquarters' by <u>NINA</u>– Zeljko Marjanovic, Head of Policy Department at the RS Defence Ministry, yesterday confirmed to GS that Ministry yesterday started to go through its archive upon ICTY request.</p>
<p>VL feature on Special war crimes department of BiH Court</p>	<p>Vecernji List, front and pgs 18-19 'BiH's mini Hague being built', by <u>Zdenko Jurilj and Dalibor Ravic</u> – VL's reporters apparently were the first journalist in BiH who entered a former JNA's "Viktor Bubanj" barracks in Sarajevo, which is getting reconstructed for the needs of the Special war crimes department of the BiH Court, which should be taking over war crimes cases from the ICTY in March 2005. VL reports that there will be two courtrooms, which will be exactly the same as courtrooms in the ICTY, as well as detention cells that will accommodate war crimes suspects. VL goes on to say that international judges will have the leading role in the "BiH's mini-Hague", who got the necessary experience whilst working with the ICTY. In that context, VL says that according to a proposal, which was completed with the help from the OHR and which was completed by legal experts from the ICTY, the department's President will be a foreign national. The proposal needs to be adopted by the BiH Parliament and BiH Presidency. VL also notes that all issues pertaining to the organization, funding and logistics will be taken care of by the Office of registry (a term unknown to BiH legal system), which will be led by a foreign national. The said Office will apparently be hiring foreign judges, who will be allegedly appointed by the OHR.</p>

He added: <i>"Del Ponte told me that she had information about Mladic's whereabouts, but that she could not share this information with any one, because she did not believe this information would not be passed on to Mladic. <p>BiH HoR refuses to discuss set of judicial laws in urgent procedure, VAT law to be discussed today</p>	<p>Herceg Bosna Radio, BHT, FTV, RTRS – BiH House of Representatives rejected the initiative by CoM to consider a set of laws from the sector of judiciary in an urgent procedure. Draft Law on VAT will be considered on Wednesday. The CoM initiative to discuss amendments to the Laws on BiH Court, prosecution office and transferring of cases from ICTY to courts of countries of former Yugoslavia in urgent procedure did not get the necessary entity majority. A SDP-proposed resolution on forbidding sending soldiers to Iraq or any other similar mission before passage of an appropriate law on the issue was not included in the agenda of the session at all. Chairman of SDS caucus Momcilo Novakovic called on Justice Minister Slobodan Kovac to resign. He explained this demand with the fact that Minister had sent into procedure certain laws that were against the demands of Serb deputies.</p> <p>BHT – The BiH House of Representatives (HoR) postponed discussion on the draft VAT Law for Wednesday. Despite the fact that representatives were not ready for this discussion at Tuesday's session, most of them believe that Parliament should adopt the law, which foresees different VAT rates, said BHT reporter. Parliamentary Finance and Budget Commission president, Nikola Kraguj, believes that a single VAT rate would be a tremendous strike on already difficult social situation in BiH. Chair of the CoM Adnan Terzic stated: <i>"We are in pre-election period. The CoM's and my personal opinion is that the best for the country would be what representatives in the parliament decide."</i> The European Commission believes that too many tax rates would leave too much space for tax evasion and other irregularities.</p> <p>Oslobodjenje pg 3, mentioned on cover 'SDP proposal rejected' and pg 6 'SDS requests for resignation of Justice Minister', Dnevni Avaz pg 9, Dnevni List pg 8 'Resignation of Justice Minister requested', mentioned on front, by <u>Danka Polovina-Mandic</u>, Vecernji List pg 2 'SDS wants resignation of BiH Justice Minister', by <u>Eldina Medunjanin</u> also covered the issue.</p>

Minister
Vrankic on VAT**

Dnevni List, pg 4 'Vrankic supports introduction of single VAT rate', by De. L. – Amid discussions and initiatives pertaining to introduction of the VAT in BiH, which deal with the levels of VAT rates in BiH, the FBiH Finance Minister, **Dragan Vrankic**, issued a press release in which he notes that he, as a member of the Steering Board of the Indirect Tax Authority, strongly supports one, single rate of VAT. Minister Vrankic explains that decreased rates are not efficient ways to help individuals and families with poor incomes, noting that introduction of several rates mean complex system and expensive applications of the law. Vrankic believes BiH needs foremost an efficient way how to collect tax revenues, whilst social issues should be dealt with through social programmes.

**Tihic,
Mikerevic fail
to resolve
political
differences**

Dnevni Avaz pg 2 'Tihic and Mikerevic failed to reach agreement', **FENA** – The chairman of the Party of Democratic Action (SDA), **Sulejman Tihic** (also the chairman of the BiH Presidency), on Tuesday had talks with RS Prime Minister **Dragan Mikerevic** about a possible dismissal of the SDA ministers from the RS Government. *"We did not agree about this issue, especially regarding a possible dismissal of the SDA ministers. I presented clearly my stance that the ministers are doing their job well and are representing the interests of their constituency but, at the same time, are not working against the interests of the government. The fact that our parties do not always agree about all issues is not a reason to dismiss ministers,"* Tihic told FENA after meeting Mikerevic. He stressed that it was up to Mikerevic and Serb parties to decide whether to dismiss the SDA ministers, who – as he put it – gained legitimacy through the elections and were supported by deputies in the RS National Assembly, and replace them with Bosniaks who did not enjoy that type of legitimacy and who *"will be yes-men"*. *"Depending on a decision to be made by the premier, the SDA will draw its own conclusions and react in line with its interests,"* Tihic said. The Serb Democratic Party, the Party of Democratic Progress and the RS Serb Radical Party demanded that the three SDA ministers in the RS government be removed.

RTRS, Glas Srpske pg 3 'Tihic does not give up' by V.C.; **Nezavisne Novine** pg 5 'SDA and PDP agreed they would reduce tensions'; **EuroBlic** RSp5 'Insurmountable differences with SDA', **Slobodna Dalmacija** pg 7 'Removal of SDA Ministers in the RS Government' by A. Macanovic, **SRNA** – At a meeting on Tuesday in Sarajevo, RS Prime Minister **Dragan Mikerevic** and the chairman of the SDA, **Sulejman Tihic**, failed to reach an agreement to withdraw the SDA initiative on assessing the legitimacy of the RS insignia. *"I asked Tihic to withdraw this proposal which he put forward in April, but he is of the view that it is legal and legitimate,"* Mikerevic told SRNA. Mikerevic went on to say that after holding talks with Tihic on a number of political issues, there were still insurmountable differences in their views. *"As prime minister, I need to draw some moves in the forthcoming period to resolve political issues in connection with the replacement of the SDA ministers in the RS government,"* Mikerevic said.

Oslobodjenje cover page, pg 5 'Mikerevic announced to Tihic removal of SDA ministers' – According to the daily, RS Prime Minister **Dragan Mikerevic** will remove SDA-nominated ministers from the RS Government, after which the SDA will join the opposition in the entity. <p>Audit of RS Interior Ministry's finances finds illegal spending</p>	<p>Herceg Bosna Radio, BHTV, Oslobođenje pg 8, mentioned on cover 'They were buying suits, vehicles, apartments...', ONASA – A review of the Republika Srpska Ministry of Interior's financial activities in the year 2003 has shown several irregularities and illegal asset spending. Illegal acquisition of suits, vehicles, weapons and equipment during the visit of Pope John Paul II to Banja Luka are just a part of the irregularities found by RS auditors. According to the audit report, the ministry purchased 150 handguns from the Zenica-based Sot company, of which 88 were shipped. Even though the handguns were to be acquired for police use, the minister of interior gave 22 handguns to individuals <i>"assigned to improve the ministry's work"</i>. Assets were illegally spent on 479 suits for men and 53 for women. Several people unemployed at the ministry, including a delegate of the RS National Assembly, former interior minister and president of the RS Union of Camp Inmates , were allowed to use several of the ministry's vehicles.</p>
<p>RS premier criticizes Interior Ministry audit report</p>	<p>SRNA – RS Prime Minister Dragan Mikerevic said on Tuesday that the final audit report on the work of the Interior Ministry contained assessments which were not true and did not correspond to the facts. <i>"Above all, the RS Government set aside 15-16m KM for contributions in arrears to the police pension and invalidity fund,"</i> Mikerevic told a news conference held in Sarajevo. He underlined that as an economist, an expert on book-keeping and as an authorized auditor, he would not agree with many points in the audit report on the work of the Interior Ministry. Mikerevic also said that this report took up too much public time. The RS prime minister believes that it is inappropriate that <i>"12 minutes of RTRS news bulletin is taken up with the Interior Ministry"</i>.</p>

**Reactions in RS,
Serbian press to
RS MoI audit
report**

Nezavisne Novine pg 5 'They violated the Law through money-spending' mentioned on cover 'Policemen awarded following investigation on Visegrad action' by D. Risojevic; **EuroBlic** cover and RSpg 1 'They squandered the money' by Nedeljka Breberina – Dailies bring further information from the audit report on RS Interior Ministry, which noted that RS MOI was awarding its personnel (including the secretary and driver of Minister **Zoran Djeric** and 7 policemen, who took part in investigation following Visegrad action), which cost the Ministry BAM 40 thousand in total. The report also stressed Ministry violated Law on procurement.

According to NN inset 'Mikerevic: Not to make a fuss', **Dragan Mikerevic**, RS Prime Minister, yesterday in Sarajevo stated that such a big fuss should not be made regarding the audit report on RS MoI, *"because I myself am also the authorised auditor and I have noticed some information from **Ceko's** report are ungrounded. However, we would demand investigation be conducted within the RS MOI on basis of this Report, and if necessary, RS Prosecutor's Office would also engage in the investigation."* (**Glas Srpske** pg 5 Disputable assessments')

According to **EuroBlic** inset 'Crnadak: There were no irregularities', **Igor Crnadak**, President of PDP Chair Board in Banja Luka and owner of the firm "Braniko", where male and female suits of BAM 10,650 were bought upon a verbal order of **Zoran Djeric**, yesterday stated that *"there were no irregularities"* during the purchase of these suits. He said: *"I find this to be another attempt to discredit my reputation."*

Nezavisne Novine op-ed pg 7 'Where has the money from MoI vanished' by Dragan Risojevic – The author is writing about the audit report on RS MoI, of which he is very critical. In his view, **Bosko Ceko's** auditors observed one important fact which is that almost all procurement related affairs were performed through RS MoI management, meaning through **Zoran Djeric and Ljubinko Mitrovic**, Head of Ministers' Cabinet. He is critical of **Djeric** and his most recent denial of all allegations against him, stressing that whoever reads the report would not believe **Djeric**.

The author further emphasises that we should trust **Ceko**, who is one of the rare people who did not hesitate to point at lawlessness and tycoon-like moves of those belonging to authority.

The author is also critical of **Dragan Mikerevic** who was critical of audit report. Risojevic notes that **Mikerevic** should have said something about the report and make those remarks he has observed previously, since he has seen the pre-liminary report.

The author concludes by saying that this affair gets us all back to the thesis that the member of the party – of PDP in this case – would always be protected by his fellow-colleagues, regardless of what he may have done.

The aim of these payments was to steal on public funds of RS.</p> <p>According to the source, the biggest clients of Mandic's bank were RS Housing Fund, RS Finance Ministry, RS Employment Bureau, Children's Health Protection Fund from Bijeljina and Bijeljina Social Care Centre. The source notes: <i>"It is interesting to notice that exactly these institutions failed to get their money back, because Mandic, in collaboration with the leading officials of those institutions, used that money to ensure survival of his own firms and the bank as well. This is another proof that individuals from RSV authority were tightly connected with Momcilo Mandic."</i></p>

Rerig, **FENA** – BiH Council of Ministers Chair **Adnan Terzic** and Entity Prime Ministers **Ahmet Hadzipasic** and **Dragan Mikerevic** on Tuesday held talks with the President of the World Bank Group, **James Wolfensohn**. After the meeting, Terzic said that the authorities in BiH today can speak of the country's development thanks to the partnership relations with the World Bank, reiterating that the greatest part of recovery of devastated infrastructure had been possible thanks to the WB funds. Wolfensohn stressed that it is a privilege of the World Bank being able to work with BiH, and added that the Bank would continue helping BiH become a self-sustainable society. He said that since 1996 to date the Bank has provided over one billion dollars for reconstruction projects in BiH, and allocated 100 million dollars of investments in companies. Wolfensohn congratulated the BiH authorities on successes in recovery of infrastructure, stressing that he remembers very well the degrees of infrastructure devastation back in 1996, when he had visited BiH for the first time.

Municipal Court
Commercial
Division**

Oslobodjenje pg 3 'How the Commercial Divisions function?' – Principal Deputy High Representative **Donald Hays** and USAID Mission Director **Howard Sumka** will visit the newly established Commercial Division of the Sarajevo Municipal Court on Wednesday. Ambassador Hays and Mr Sumka will be briefed by President of the Court **Aida Salcinovic-Kuljunain** and by judges of the Commercial Division, according to OHR Spokesman **Mario Brkic**. *“Commercial Divisions have been set up through the reallocation of resources and personnel so that commercial cases can be heard on a dedicated basis by judges who are specialists in business law. The object is to clear the backlog of commercial litigation in BiH and to reduce the average time of commercial court cases from years to months,”* emphasized Brkic at a press conference in Sarajevo on Tuesday. *“This is crucial for securing more investment and creating conditions for economic takeoff. A cumbersome commercial litigation system drives away prospective investors. They will not put their money in BiH if they are afraid of being bogged down in the courts in the event of a dispute. In addition, a slow legal process sends a signal that the authorities are not serious about creating a competitive business environment. The establishment of the Commercial Divisions sends the opposite signal – BiH is very much open for business and is serious about attracting the investment that can create jobs and raise living standards,”* concluded Brkic.

**Merdzo,

savings**

Dnevni List, pg 3 'Defining of way of return of old currency savings postponed', mentioned on front, by Ivica Glibusic – with regards to law on internal debt, which also deals with old currency savings in the FBiH, DL carries Deputy Speaker of FBiH Parliament's House of Representatives, **Josip Merdzo**, as saying that the FBiH HoR is expected to continue with the extraordinary session which had started to discuss the law in the matter. According to Merdzo, the HDZ BiH has so far been against the proposed solutions, announcing that the party could be offering a few of its new proposals. *"According to the new version, in the law on internal debt, as far as old foreign currency savings are concerned, the deadline for determining of such claims would be defined, whilst the way of payment would be defined later. Namely, there are assumptions that the old foreign currency savings are not at the level it was talked about, it would appear it is a lesser amount"*, said Merdzo noting if the story on lesser amount proves to be true, it could result in more favourable versions of payment of savings to interested parties.

Inset entitled 'Old foreign currency savings stays on hold' – carries **Amila Omersoftic**, a representative of savers, as saying that the law (on internal debt) was removed from the agenda of the FBiH Parliament's HoR because of forthcoming elections. According to her information, the Principal Deputy High Representative, **Donald Hays**, gave consent that the law be enacted after the elections, which led Omersoftic to say: *"This is a piece of impudence covered by the authority of the High Representative, **Paddy Ashdown**"*.

<p>Update to Buk Bijela affair</p>	<p>Glas Srpske cover page story 'We should not yield in' by <u>D.V.M.</u> – GS brings statement of Mirko Djukic, President of the RS Syndicate of Energy, who said that RS Government should resist to pressures of the OHR (to suspend works on construction of Buk Bijela and urge for privatisation of RS Elektroprivreda) in a stronger manner. He also warns that the interests of the multinational companies, who would like to become owners of this potential, are behind this case. He is of the view that OHR is actually more eager to see RS Elektroprivreda privatised than to protect the environment. He stresses that OHR and his first man Paddy Ashdown should not interfere in the case under an exclusive authority of RS.</p>
