01 February 98, 19:30

Sarajevo – The presidents of the parliamentary parties held a meeting today in Sarajevo, which was initiated by Alija Izetbegovic, BiH Presidency Chairman. Also present were the representatives of the SCC Serb Citizens Council and CNC Croatian National Council. The topic of the meeting was the International Returns Conference scheduled for 3 February in Sarajevo. The parties representatives agreed on accepting all Conference Conclusions which contain the following principles relating to the housing issue:

- Nobody can be thrown onto the street. If a refugee family is living in an apartment which belongs to somebody from the RS region then this family must be granted either to return to their own house or apartment, or another adequate apartment;
- A returnee must confirm that he requires an apartment for the purpose of living in it. Therefore, he will not have right to rent or sell it, at least for five years after the apartment has been taken over and privatised;
- Returns must occur both ways. Therefore, possibly at the beginning of March 1998 the IC will organise the same conference with the same agenda on returns to Banja Luka, Mostar and Drvar. Canton Sarajevo is ready to be the model and take the first step in this direction;
- It is necessary to pass a BiH Law on returns, according to Annex 7 of the DPA;
- Sarajevo has again to be a capital of BiH, i.e. a seat of all common institutions;
- It is expected that the Sarajevo Governor will submit a detailed plan for refugee return at the forthcoming

Conference, accentuating the measures which he is going to undertake immediately – during February and March – stating a housing surplus and quoting the needed funds for the housing repairs, reads a statement distributed from the BiH Chairman's Office.
