DNZ announces participation in local elections in 98 BiH municipalities

The Democratic People's Community (DNZ) announced its participation in the local elections in BiH in 98 municipalities, but submitted candidate lists for only 10 municipalities. The reason for this, according to DNZ Vice-president Rifat Dolic, is constant intimidation of DNZ candidates. The DNZ will not participate in the Una-Sana Canton session on Thursday if the election of a new governor is not carried out by secret ballot.
