The BiH House of Peoples held a session. It discussed the budget, which was increased by 10% over last year. Around 77.6% of budgetary funds will be used to finance BiH institutions. The BiH House of Peoples adopted the draft code-

of-practice and discussed the draft treasury law. They adopted the draft national holiday law that had been sent along by the BiH Council of Ministers. The House also discussed a proposal on the status of people that have taken refuge in BiH. A decision concerning this issue could temporarily stop the eviction of people who had taken refuge in BiH since June 1990. BiH Association of Refugees and DPs and Association of Refugees Living in Srebrenica hold meeting to discuss return

As part of the project 'Everybody to Back to their Property' between the Una-Sana Canton and Serb refugees from this region currently living in Srebrenica, 300 Serb citizens visited their homes in the Bosanska Krupa Municipality on Thursday. If this project is finalized as planned, more than 5,000 refugees living in Bosanska Krupa, Srebrenica, Bratunac, Brcko, Bijeljina and other municipalities in the RS and BiH Federation will return to their homes. Chairwomen of BiH Federation Association of Refugees and Displaced Persons Mirhunica Komarica stressed the importance of the project, and asked assistance from the IC to implement it. Chairman of the Association of Refugees Living in Srebrenica Dusko Amovic stated that additional donations are now needed more than ever because, if the return process continues as it has up to this point, all BiH refugees would need the next 100 years to return pre-war homes.
