News Summary:

Miller condemns decision of Mostar University Senate dismissing Chancellor Marko Tadic (02:30) US Ambassador to BiH Thomas Miller visited Mostar on Monday to meet with local officials. Miller commented the decision of the (west) Mostar

University Senate dismissing University Chancellor Marko Tadic. He appealed to those who attacked Tadic to wake up because the rest of the world would not tolerate such things. "The real losers on this one, if its stays as it is, are the students of the University" Ambassador Miller assessed. He added that the whole picture should be looked at. This university will get a reputation throughout BiH as for standing for apartheid, said Miller.
