TV BiH News Summary:

BOSS to lodge complaint with IC institutions concerning [OSCE](#) shielding of SDP – BOSS press conference in Tuzla (00:52)

The Bosnian Party (BOSS) held a press conference in Tuzla to stress that the party is right when it claims the [OSCE](#) Mission to BiH is shielding the unstable SDP political option. The OSCE's undemocratic conduct can also be proven by sanctions it has taken against BOSS President Mirnes Ajanovic due to his allegedly offensive statements even if it was SDP officials who violated PEC rules with false statements and insults directed at Ajanovic. That is why BOSS will report this [OSCE](#) conduct and the entire matter to the [OSCE](#) Secretariat in Vienna, Council of Europe, Peace Implementation Council and other relevant IC institutions. The BOSS will demand the revision of all decisions by the [OSCE](#) favoring SDP and of detriment to opposition candidates and parties.
