SDA believes HDZ not truly ready to unblock joint institutions

SDA spokesperson Adnan Jahic said that the HDZ is still not ready to truly unblock joint BiH Federation institutions. The SDA supports IC attempts to stabilise the RS political situation, saying that the Sarovic-Dodik combination is the most convenient solution. The party estimated NATO air strikes against Yugoslavia as justified, even though BiH suffers from the situation in Yugoslavia.

Ruling parties doing best to prevent latest parliament session – Kljuic

The Republican Party supports NATO strikes against Yugoslavia and believes that the West will sustain them because of (Yugoslav President Slobodan) Milosevic's behaviour. Party President Stjepan Kljuic said, "ruling parties did their best to prevent Wednesday's session of the BiH Federation Parliament, causing DM 80,000 in damage. If a parliamentary boycott continues, the only solution is for the OHR to prescribe extraordinary elections".
