Sarajevo – The Federation HoR continued its 5th session, discussing for the third time the central and the only issue of establishment of new municipalities. The session was stopped without any agreement reached again. Most of the problems occurred when the MP's started to discuss the Usora municipality. Prime Minister Bicakcic appealed to the MP's to be tolerant and reasonable and work towards finding a final solution. Apart from the usual clashes between HDZ and SDA, the general impression was that the Usora issue doesn't require a solution since it is not divided by the IEHL and that doesn't create problems with regard to the elections. Late this evening, MP's adopted the Law on Municipalities by vote, but the HDZ representatives abandoned the session, dissatisfied with the results of the voting.

Brka – Headed by Ganic, the representatives of the Federation met Brcko Supervisor Farrand and discussed the election rules for Brcko, as well as the registration of voters there and the return of refugees. Pale – At press conference today, OHR Spokesman Murphy talked about Frowick's unbending position with regard to the Brcko elections. SDP party doesn't accept the Brcko election rules. It will take part in the upcoming elections only if guarantees are given for the establishment of multi-ethnicity and creation of a multi-ethnic society in Brcko. SDP doesn't accept Frowick's decision that 25,000 people will not have the right to vote because the Federal partners failed to adopt the Law on Municipalities.
