**Dodik letter to Elektroprivreda Managerial Board**

RS Prime Minister Milorad Dodik sent a letter to the RS Elektroprivreda Managerial Board and General Manager, requesting that an arrangement on the collection of RTV subscriptions through Elektroprivreda be made between Elektroprivreda and RTRS at once. The letter reminded of the High Representative’s decision regulating this issue in precisely this way. This request is urgent, because it is no longer possible to collect subscriptions through RS Telecom. “This request was motivated by the interests of the RS public and does not represent support to the present RTRS leadership” reads Dodik’s letter.
