News Summary

Graham Hand comments on Matic statement

UK Ambassador to BiH Graham Hand commented on the 14 May statement of Yugoslav Information Minister Goran Matic. According to Hand, Matic said "mercenaries from the RS travel to Yugoslavia in order to kill its citizens and destabilize the country." Hand believes that all the destabilization in Serbia is coming from Belgrade. Hand said that the situation in Serbia is catastrophic, people are being gunned down in the streets while the Serbian economy is falling at the speed of an express freight elevator. Hand concluded by saying that if they are looking for the cause of their problems, they should look for it in Belgrade.

Trial of 21-year-old Kosovo Serb in Gnjilane postponed

"The first trial for the alleged commission of war crimes in Kosovo convened but was soon postponed because the lawyers of Milos Jokic did not appear. The 21-year-old Kosovo Serb, Milos Jokic, is charged with allegedly committing genocide. As the Gnjilane Court reported, the trial would convene on 22 June. Jokic is accused of murdering one person and ordering the murder of another."
