SPRS Banja Luka City Board interim leadership open letter to RS Information Minister Vasic

The interim leadership of the SPRS Banja Luka City Board sent an open letter to RS Information Minister Vasic, in which it calls on Vasic to reaffirm his constitutional role in the

creation of system of objective public service broadcasting. The SPRS claims that a special psychological and propaganda war is being conducted against them. The general public is not receiving the information, even through official party statements, that 33 of 47 members of the former SPRS Banja Luka City Board have remained loyal to the party. Also, of the total 52 Banja Luka City local boards, 47 are currently functioning and did not have any staffing changes at all. The SPRS requests Vasic to publicly, through a media that is under the state's jurisdiction, clear up dilemmas concerning the established and activities of the Democratic Socialists Party (DSP).
