Radical Party comments on activities of Elvedin Rizvan, CD Coalition Parliamentarian

Commenting on Monday's statement by CD Coalition Parliamentarian Elvedin Rizvan that, after Srebrenica, the worst genocide against Bosniaks was committed in Prijedor, Radical Party Vice-president Zmijanac said that Rizvan should have been in The Hague long ago. He cited Aleksandar Bajric from Prijedor as an example, saying he was arrested in Sanski Most in 1996 and constantly beaten by Elvedin Rizvan in prison.
