News Summary

BH Federation Government gives initial capital for BiH Federation TV

The BiH Federation Government will secure 100,000 KM in foundation capital for BiH Federation RTV. At a meeting between BiH Federation officials, the OHR, BiH Federation RTV and the BiH Public Broadcast Service, it was concluded that contracts with the BH Federation electric company and Herceg-Bosna electric company would resolve the process of subscription payment. BH Federation citizens have been paying for their TV subscription through electricity bills for several months. Organizational and staff issues were also discussed.

IMC statement on NTV Dobož

During the RTRS pre-election block on 19 March, the SNS stated that while SNS representatives participated in the TV Duel show on NTV Dobož, an intrusion by an armed person was fabricated in order to frighten SNS representatives. On this occasion, the IMC sent a letter to the RTRS, stating that after viewing the material, no proof was found that would

support the SNS claim. The IMC confirmed that someone entered the studio during the show, but that there was nothing in his behavior that would frighten SNS representatives. There is no proof that he was armed. The IMC requests a correction of this statement and the SNS was informed of this request. Therefore, RTRS, in accordance with the IMC request, is correcting the earlier report on this event.
