News Summary

SDS session in Bijeljina Tuesday

The SDS Presidency held a session in Bijeljina on Tuesday, when the Presidency stated that crises exist in several RS democratically elected institutions and there is no possibility of adopting a new legal RS Government. It is also a fact that the institution of the RS President does not function. In this regard, the SDS will immediately start negotiations with all RS parliamentary parties and IC envoys, especially with the SRS. A meeting was announced between the SDS leadership and High Representative [Wolfgang Petritsch](#) for Thursday.
