Members of Association for Return to Serb Gorazde protest in Donja Sopotnica

Bosniak members of the Association for Return to Serb Gorazde have been protesting on the IEBL in Donja Sopotnica since Wednesday. Approximately 100 Bosniaks blocked the Serb Gorazde-Gorazde road with their vehicles. Representatives of the OHR and Serb Gorazde Municipality agreed that the owners of property in Serb Gorazde should be allowed to come and assess their property, which was a request of the Association. However, the deal was not respected. President of Serb Gorazde Municipality Slavko Topalovic stated that, afterwards, the Association requested returns. Bosniaks want to return to settled parts of Serb Gorazde. A scheduled meeting of the municipal commission did not take place because members of the

CD Coalition did not arrive.
