News Summary

SPRS Main Board requests Dodik to annul decisions on Gligoric and Ilic

The SPRS Main Board has informed the public on conclusions it adopted at its session. According to those conclusions, the SPRS Main Board requests RS Prime Minister Milorad Dodik to

annul decisions dismissing RS Deputy Prime Minister and Minister for Veteran Affairs Tihomir Gligoric and RS Health Insurance Fund Director Dragutin Ilic within seven days. The dismissals have a political background, said the SPRS Main Board. The Board warns that this will be the crucial key test for their future work in the Sloga Coalition. Some activities carried out by coalition partners at times disorganize relations in the Sloga Coalition. The SPRS requests the implementation of the Coalition's personnel policy. It also wants the Sloga Coalition to remain united. The SPRS said it wants the reaffirmation of Sloga Coalition principles and greater cooperation with the IC institutions in BiH on the implementation of the Dayton Peace Agreement.
