News Summary

RS Government discusses RS National Assembly conclusions on dismissal of Glas Srpski and Oslobodjenje managerial boards

RS Information Minister Rajko Vasic issued a press release stating that the RS Government discussed the conclusion of the RS National Assembly on the dismissal of the managerial boards of Oslobodjenje and Glas Srpski. The RS Government concluded that the dismissals were unfounded, because the boards had sent additional reports on their work over the two preceding years. The boards did not contribute to a decrease in the success of business. "The RS Government is the founder of Oslobodjenje and is, therefore, the only body that can dismiss the Oslobodjenje managerial board" said Vasic in the press release.
