Trebinje – On October 10, the local police that was appointed by the Banja Luka Interior Ministry and police representatives from Pale held a meeting. According to sources close to the Trebinje police, they talked about criminal acts organised by the State Body from Trebinje and supported by the State Security from Pale. It was underlined that smuggling of cigarettes, alcohol, and other goods by the fictitious company 'Selekt Impeks' caused great damage in the entire RS. It was also said that convoys with smuggled goods were escorted by employees of the State Security, who received necessary ID's issued by the Crime Department. Former Interior Minister, Kijac, promised to close down this company six months ago, but it still works without any problems. Teslic – Members of special police forces from Pale, Bijeljina and Doboj have increased their numbers. Their task is to establish police check-points on all roads that lead to Teslic. They are over-paid and work in very good conditions.

The local Teslic police and citizens are unsatisfied because of their presence, especially since the crime, for which they directly blame the special police, has increased over the last month. In order to cool down tensions, these policemen should return to where they came from, especially considering the fact that they possess such weapons which are not allowed by the DPA.
