these enterprises it is necessary to work out a detailed plan which will determine which parts of these systems would be privatised under special conditions and which ones through vouchers. Only 6 out of 19 enterprises delivered plans to the RS Directorate for Privatisation in accordance with the schedule. Those enterprises are: PIK "Mladen Stojanovic", Incel from Banja Luka, Naftna Industrija Republike Srpske (The RS Oil Company), "Borja" from Teslic, "Maglic" from Srbinje and "Romanija" from Sokolac. Mladen Ivanic pointed out the fact that the essence of the entire privatisation process in the RS is privatisation of strategically important enterprises.
