News Summary

SRS member Milan Lazic statement

Head of the SRS Representative Club in the RS National Assembly Milan Lazic held a press conference in Bijeljina and stated that the SRS would request that the RS President dismiss the RS National Assembly because of its current crisis. The RS President has a constitutive right to dismiss

the RS National Assembly, added Lazic. Dismissal of the RS National Assembly is the best decision considering its current situation. Lazic also stated that the SRS Executive Board did not bring a decision on the participation of SRS representatives in the next session of the RS National Assembly.
