

OHR's Statement at the International Agency's Joint Press Conference in Mostar

The Office of the High Representative would like to use this opportunity to commend the work and the efforts of the city authorities. Namely, the inauguration of new air link to Zagreb on Friday is another sign of Mostar's economical progress.

It is satisfactory to see publication of the 380 vacancy notices for the remainder of the new Administration and establishment of Resettlement Commission for those not able to secure permanent positions.

And finally we welcome the announcement of appointment of the new temporary Head of Fire Service, who will be primarily concerned with the restructuring of the Fire Service.
