

PDHR and Brcko District Supervisor Louis Crishock welcomes initiative to establish Brcko Stock Exchange

Principal Deputy High Representative and Brcko District Supervisor Louis Crishock attended today's ceremony marking the launch of the project to establish a Stock Exchange in the Brcko District.

He underlined that Brcko – often described as the most stable part of Bosnia and Herzegovina– is an ideal location for this initiative. “Brcko District’s stability is not only the result of positive domestic political engagement, but more importantly, it stems from the cooperation among all Brcko’s constituent people and national minorities, who have demonstrated a deep commitment to working across political divides, to mutual respect, and a shared sense of purpose for the benefit of all citizens,” said Supervisor Crishock and concluded that the Brcko Stock Exchange will boost investment, create jobs, and drive growth, not only in the District but across BiH.

Supervisor Crishock welcomed the District’s authorities’ efforts, including the establishment of a working group tasked with drafting a new Law on Securities, and stressed that the

project's success will strengthen Brcko's position as a stable, forward-looking, and business-friendly environment.
