Statement by the High Representative: PIC Steering Board Demands Met

OHR
Office of the
High Representative

“At today’s meeting the PIC SB Ambassadors took note of the fact that the RS Government withdrew their declaration on unilateral withdrawal from Elektroprenos BiH and adopted a new conclusion. This fulfils the demand set out by the PIC Steering Board Ambassadors. This new conclusion retains elements suggesting that the RS could unilaterally withdraw from Elektroprenos BiH. The PIC Ambassadors reiterated their firm position that an Entity cannot unilaterally withdraw from Elektroprenos BiH or any other previously agreed reforms. The International Community will engage in inter-entity discussions aimed at resolving outstanding issues with regard to making Elektroprenos BiH fully functional. We expect all partners to seriously engage in finding a solution,” said the High Representative, Miroslav Lajčák.
